# Welcome

SUE SAPP

**W**elcome to Robins Air Force Base and Middle Georgia, where “Every Day In Middle Georgia Is Armed Forces Day.” Located adjacent to the city of Warner Robins, Ga., population 52,400, Robins offers the chance for a challenging and rewarding tour or career. The base is located in the geographic center of the largest state east of the Mississippi River, recreational opportunities abound. Atlanta, the state capital, with major sports teams and attractions, is approximately 100 miles to the north on Interstate 75. Florida is within four hours driving time south on the interstate. Macon, Georgia’s fourth largest city is 15 miles north. Interstate 16 intersects with

I-75 in Macon and leads to Savannah, the Atlantic Ocean and the Golden Isles.

When you think of Robins Air Force Base, no single mission comes to mind. A wide variety of organizations make up this huge airfield and industrial complex. The largest is the Warner Robins Air Logistics Center, one of three major air logistics centers in the Air Force Materiel Command, whose headquarters is at Wright-Patterson Air Force Base, Ohio. The Center is the largest industrial complex in Georgia and employs more than 23,000 workers—including civilians, active duty military members, non-appropriated fund employees and contractors. The estimated total economic impact of

Robins AFB on the state of Georgia is more than \$4 billion. The base covers more than 8,722 acres, including Georgia’s largest runway. The runway is 12,000 feet long by 300 feet wide with two 1,000-foot overruns.

Robins AFB is also home to the Museum of Aviation. The museum, located adjacent to the base since November 1984, has developed into a major tourist attraction. More than 7 million people have visited the museum since it opened. Each year hundreds of thousands of people tour the facility to view the aircraft and missile exhibits, static displays and films on aviation history shown daily in the Vistascope theater.

# Arrival

## SPONSORSHIP

Your sponsor plays an important role in the adjustment to your new assignment. He or she can help you with everything from in-processing to finding adequate housing. At the very least, your sponsor should send advance information on how to get here, where to report, your new unit and your job.

Sponsors are valuable sources of information in helping solve any problem you may encounter. If you don't hear from your sponsor within four weeks of your reporting date, write to the commander of your new unit or contact the Military Personnel Flight's customer service office at DSN 497-7361 or commercial (478) 327-7361.

## HOW TO GET HERE

### MACON AIRPORT

Macon Municipal Airport is located approximately five miles north of Robins AFB, just off Georgia Highway 247. Transportation by commercial taxi is available, or you may contact the base transportation office at (478) 926-3493.

### ATLANTA AIRPORT

If you are flying into Hartsfield International Airport in Atlanta, ground transportation to the base is available via Groome Transportation, (478) 471-1616 or VIP Shuttle, (478) 788-3232. The trip takes approximately 2 hours. These carriers are located at the Ground Transportation location. As you exit the baggage claim area follow the signs to ground transportation. The shuttle vans are usually parked in the second and third rows.

### DRIVING

Newcomers who arrive in their vehicles will more than likely be traveling on Interstate 75. Take exit 146 to the Georgia Highway 247 Connector (also called Watson Blvd.). The road will take you directly to the base, about 10 miles away from the exit. You can also exit coming from the north at exit 65A and take Highway 247 about 15 miles south to the base.

Military members entering at the Visitor's Center at Gate 2, which is open 24 hours a day, should report directly to the orderly room of the organization they are assigned. The orderly room will contact the Military Personnel Flight to schedule an appointment for in-processing. If there are any questions about where to report upon arrival, military members will be

directed to the Military Personnel Flight's customer service office in Building 905. After hours, members will be directed to the 24-hour arrival point, the billeting office in Building 557.

## MILITARY PERSONNEL

All military members arriving at Robins AFB should report to their respective

## PRE- AND POST-ARRIVAL CHECKLIST

### PRE-ARRIVAL:

- ✓ Visit your Family Support Center for relocation assistance, information on your new duty assignment and moving information.
- ✓ Do you have a sponsor? If not, call our Military Personnel Customer Service section at DSN 497-7361 or (478) 327-7361. Make sure your outbound personnel request one for you.
- ✓ Have you called the Base Housing Office (478) 926-3776 to apply for housing here?
- ✓ Has your sponsor made dormitory arrangements for you? Orders are needed, and the first sergeant must pick up the key for you—so, make sure your sponsor knows when you are arriving!
- ✓ Does your sponsor know your departure and arrival times/location?
- ✓ Have you made temporary Lodging arrangements at your new duty assignment, if needed? Call (DSN) 468-2100 and make sure you confirm them a week before you depart. No orders needed.
- ✓ Do you have a general delivery post office address? Call (DSN) 468-2127

or (487) 926-2127 between 9 a.m. to 5 p.m. Monday-Friday to request one. Your sponsor can assist you with arrangements. No orders needed.

- ✓ If applicable, have you contacted the Child Development Center here to inquire about the child care waiting list? Call (DSN) 468-6349 or (478) 926-6349. Did you know you may be entitled to 20 hours of free child care both here and at your current location? Call your relocation staff for more info.
- ✓ Have you made arrangements for pet boarding? Pets are not allowed in the lodging facility.
- ✓ Did you arrange for transportation from the airport, if needed?
- ✓ Did you give your sponsor a leave address and emergency contact numbers?
- ✓ Don't forget to bring along the contents of the sponsor package. You will need the maps and arrival information.

### ARRIVAL ACTIONS

- ✓ Welcome. If you have not yet contacted your sponsor, you might want to do so.

- ✓ Have your in-processing appointments been scheduled (through your orderly room) with Military Personnel Flight's Personnel Employment section? Duty hours are 7:30 a.m. - 4:30 p.m. and the section is located in Bldg. 905, upper level.
- ✓ Call or stop by the Family Support Center, 725 Ninth Street, Bldg. 794, (478) 926-1256 for a personal welcome to the base and valuable settling-in services.
- ✓ Check in with the Housing Office to let them know you have arrived. Stop by 655 Seventh Street, Bldg. 706, (478) 926-3776
- ✓ Call the Traffic Management Office (TMO), (478) 926-2133, for information on your household goods shipment.
- ✓ Hand carry your medical and dental records to the Medical Clinic, Bldg. 700A, 655 7th Street, (478) 327-7850
- ✓ Sign up for a Newcomers' "Base and Community Tour" at the Family Support Center, Bldg. 794, (478) 926-1256. Held monthly, families welcome!

SUE SAPP

Tuesday through Friday 7:30 a.m.- 3:30 p.m.  
For information, call (478) 327-7361.

## CIVILIAN PERSONNEL

Civilians assigned to Robins AFB should follow the same procedures as military members, but should report to the employment office in Building 1524 located next to the Museum of Aviation just south of the base. For information, call the employment office at (DSN) 472-0601 or commercial (478) 222-0601.

## TRAFFIC MANAGEMENT OFFICE

Contact the Inbound Section at (478) 222-0116 as soon as possible after arrival in the area to receive your household goods. This ensures that personal property you have shipped may be delivered without storage, or to obtain storage authorization. It is very important that you provide

TMO with a contact telephone number immediately upon arrival. For more information, visit the TMO website at [www.robins.af.mil/LGT/inbound.htm](http://www.robins.af.mil/LGT/inbound.htm).

## POSTAL SERVICE CENTER

Upon your arrival or shortly thereafter, your sponsor should take you to the Postal Service Center, located in Building 910. At the Postal Service Center (PSC), you will fill out a form and be assigned an appropriate post office box if you are living in one of the dorms. If you plan on living off base, the PSC will keep your personal mail for 30 days in General Delivery. Once you move to your off base quarters, you must notify the PSC of your correct address. Your personal mail should be forwarded from your duty location to the PSC. It will either be put in your dorm cluster box, or forwarded to your off base location. There is also a branch of the US Post Office at the PSC

commander's support staff on arrival. If there are any personnel-related questions that the commander's support staff cannot answer, help is available at the Military Personnel Flight in Building 905. The MPF provides counseling and assistance on over a dozen personnel programs. Normal duty hours for the flight are Monday 7:30 a.m.- 4 p.m. and

SUE SAPP

for your postal needs. For details on personal mail, call the PSC at (478) 926-2127 or contact the Base Official Mail Manager at (478) 926-2284.

## YOUR VEHICLE

All military and civilian employees must register their vehicles at the 78th Security Forces Squadron's Pass and Registration Section in Building 263. The office is open Monday through Friday from 7:30 a.m. to 3:30 p.m., with the exception of Wednesday when operating hours are 7:30 a.m. to 11:45 a.m.

Temporary passes for up to three days may be obtained during duty hours at the Visitor Control Center adjacent to the Main Gate (Gate 2) and also at the Pass and Registration Section, Building 263. After duty hours, the controller at the V.C.C. gate performs this function. Temporary passes needed for more than three days (new vehicle, etc.) may be obtained

only at Pass and Registration during normal operating hours. Proof of ownership which include current vehicle registration, current insurance, valid drivers license and a civilian or military identification card are required to receive a decal for vehicle registration. A Bill of Sale, proof of insurance and civilian or military identification card are required to receive a temporary pass which is only issued up to 30 days of a newly purchased vehicle. On the installation, proof of current insurance is required in the vehicle.

Parking in a visitor or customer space within two blocks of your workplace is prohibited. A series of numbers, letters, office symbols, or any combination of these identifies it as a reserved parking space. In the base housing areas, vehicles may be parked in driveways or in designated parking spaces. Housing units with driveways may also park on the roadside unless specifically prohibited. Parking rules are strictly enforced.

## SPEED LIMITS

The speed limit on Robins AFB ranges from 10 - 35 mph. The Security Forces are responsible for enforcing speed limits and all other traffic laws. Violations of traffic laws can be reported to the Security Forces Law Enforcement Desk in Building 263, 926-2187.

## DRIVER'S LICENSES

Military members and dependents are not required to obtain a Georgia driver's license or license plate if they are properly licensed in their home state. Non-resident civilian personnel must obtain a Georgia license within 30 days. A Georgia license may be obtained by passing an eye and written examination given by the Georgia State Patrol in Warner Robins, Perry or Macon. Georgia State Law requires a Social Security card be presented for license issue. Metal cards are not accepted.

## QUICK REFERENCE TELEPHONE NUMBERS CHECKLIST

Area Code: 478 DSN: 468

On-base phone numbers begin with either 925, 926, 327, or 222. When dialing on-base to on-base numbers, dial 5-XXXX, 6-XXXX, 7-XXXX, 2-XXXX

Emergency .....911

Law Enforcement .....926-2187

Pine Oaks Lodge .....926-2100/4412

Base Locator .....926-6037

Central Appointments .....327-7850

Family Practice .....327-7810

Pharmacy .....327-8150

Chaplain .....926-2821

Base Events Line .....222-4636

## CRIME PREVENTION

Robins AFB personnel are invited to participate in the many programs offered by the 78th Security Forces Squadron Crime Prevention Section. Persons knowledgeable of suspected crimes are encouraged to notify the Law Enforcement Desk via the enhanced 911 system.

Operation Identification and bicycle registration programs are offered to help participants permanently mark their property to aid in deterrence or recovery, should a theft occur. Electric engravers are available for check out up to 72 hours from the Crime Prevention Section.

Military housing residents are offered a more secure home when away from home due to required travel or vacations through the Quarters Watch program. In this program, 78th SFS personnel check participants' homes once every eight hours to ensure security. For more information on how to get involved in any of these programs, contact the 78 SFS Crime Prevention Section at (478) 222-1991.

## TELEPHONE TIPS

Most telephones at Robins AFB have 926, 222 or 327 prefixes. When calling

onto the base from an off-base phone, dial the desired prefix, then the four-digit number. Robins Defense Switched Network, or DSN, prefixes are 472 (for a 222 number), 468 (for a 926 number) and 497 (for a 327 number). To call from one 926, 222 or 327 phone to another, simply dial 6, 2 or 7 respectively, and then the desired four-digit number.

## DUTY UNIFORMS

Active duty military members are authorized to wear the year-round uniform combinations as described in Air Force Instruction 36-2903. However, each Friday is designated as "Readiness Day" for the base, and all military personnel are required to report to duty in their battle dress uniform.

SUE SAPP

# Living

**T**here are several choices of military housing based on availability and rank. The Robins housing office staff is available to answer questions about on and off-base housing. Housing floor plans, area maps, and local rental and sales listings are all available at the housing office, Building 706. Call (478) 926-3776 or DSN 468-3776. There are 807 government-owned family houses and 670 privatized houses at Robins AFB, a total of 1,477 houses. The base has 213 allocated for officers and 1,264 are for ranks E-1 through E-9. All family housing units are equipped with a stove, refrigerator, dishwasher, garbage disposal, and central heat and air conditioning. To see more floor plans and other information, please visit their website at: <https://wwwmil.robins.af.mil/ceg/Housing/housinghome.htm>.

## ACCOMPANIED HOUSING (ON-BASE HOUSING)

The base has two-, three-, and four-bedroom homes for every category of entitlement—junior enlisted, senior enlisted, junior officer, field grade officer and senior grade officer. Call the housing office for current availability and wait times.

All units have central air conditioning and carports, and are furnished with stoves, refrigerators, garbage disposals, and dishwashers. To put your name on the wait list prior to your arrival, please submit an advance application (DD Form 1746). The effective date of advance applications is the first day of the month prior to the month the applicant states he or she will arrive at the gaining installation (the actual reporting or “sign-in” month). Members may, of course, apply for housing at any time after you report.

## PRIVATIZED HOUSING (OFF-BASE HOUSING)

Privatized housing, offered at Huntington Village, provides another alternative to military families. The Huntington Village

community (<http://wrafhousing.com/>) is designed to be a safe, secure and comfortable environment for the families of Robins Air Force Base. Every home at Huntington Village is of quality construction and comes complete with an array of contemporary amenities. The village is minutes from Robins Air Force Base with easy access to three different base gates. Rent is based on the military member's rank with a utility allowance subtracted from your basic allowance for housing. Residents are responsible for paying gas and electric utilities. Huntington Village takes care of water, sewage, trash and pest control as well as lawn care (unless residents put up a fence). Huntington Village is comprised of four distinct communities:

- Huntington East for enlisted families
- Huntington Park for senior NCO families
- Huntington Crest for officer families
- Huntington Hill renovated housing with a mixture of all ranks

The Huntington Village community features the following:

- Gated community
- Lighted streets and playgrounds
- Two new community centers available for community activities such as:

after school programs, craft groups, and club meetings

- Three tennis courts
- Two volleyball courts
- Six basketball courts (2 full courts and 4 half courts)
- Two ball fields
- Three swimming pools
- 17 Tot Lots with climbers, swings, slides, toys, benches, and “Fibar” surface and are accessible without crossing a street
- 19 picnic areas

## UNACCOMPANIED HOUSING

Robins AFB also has nine dormitories accommodating up to 674 single enlisted members. Four of the dorms have been renovated to a one-plus-one configuration, which feature private rooms with a shared bathroom and kitchen. The shared kitchens are equipped with stoves, refrigerators, and microwaves. The other five dormitories are in a room-bathroom-room configuration. Each private room has refrigerators and microwaves. Every dormitory has laundry rooms, dayrooms and recreation areas. Five dorms have an exercise room equipped with state-of-the-art equipment. Typical room furnishings

SUE SHARP

include beds, nightstands, dressers, desks, chairs, microwaves, and refrigerators.

There is no unaccompanied officer housing at Robins. All unaccompanied E-1 through E-4s with less than 3 years of service are required to live in the dorms according to Air Force policy. Other grades are housed in the dorms on a space-available basis. Dorm assignments will be made as arriving members process through the Dorm Management Office in Dorm 780. They can be reached at (478) 926-1295.

## COMMUNITY HOUSING

The Housing Office provides a variety of information on rental and sales listings of the area. Department of Defense employees may also make use of these services.

## CHILDREN'S SCHOOLS

### ROBINS ELEMENTARY SCHOOL

Robins Elementary School on Warner Robins Street, Building 988, provides quality education for dependent children living in permanent housing on federal property. The school teaches pre-kindergarten through the sixth-grade. The school is fully accredited "With Quality" by the Georgia Accrediting Commission and by the Southern Association of Colleges and Schools. Robins Elementary is funded by the Department of Defense.

### HOUSTON COUNTY SCHOOL SYSTEM

#### *Excellence in Education*

1100 Main Street, P.O. Box 1850  
Perry, Georgia 31069  
(478) 988-6200  
[www.hcbe.net](http://www.hcbe.net)

Houston County schools provide students with a quality education. Talented teachers, an academic focus, state-of-the-art equipment, and diverse extracurricular activities help to ensure that students have the skills they need to succeed.

From the Pre-Kindergarten program through Advanced Placement courses in which students may earn college credit, Houston County schools emphasize what is important—the student. A strong program of academic learning is the key to success for all students, no matter what their future plans may be. Houston County schools provide students with unique plans of academic learning supported by offerings in the fine arts, athletics, vocational and business fields, and JROTC.

Systemwide, 34 schools serve the needs of over 24,000 students. The system consists of four high schools, seven middle schools (grades 6-8), 21 elementary schools (Pre-K-5th grade) and two specialty schools. The Houston County Board of Education employs 1,933 certified professionals. Historically, the student population has

increased by about 600 students per year. To accommodate this growth, in 2001, voters approved a \$99.9 million facilities improvement plan to build two elementary schools and two middle schools, renovate/expand four high schools and three elementary schools, and add classrooms to 10 elementary schools.

All Houston County schools are fully accredited by the Southern Association of Colleges and Schools (SACS). This accreditation means that all schools offer equitable educational programs as a result of applied standards. These standards are checked annually by SACS, and every five years the schools are required to hold evaluations conducted by visiting educators. All schools also meet all standards established by the Georgia Department of Education. SACS named the system a "2003-2004 Super District for Quality Schools."

Students in Houston County consistently outperform comparison groups on standardized tests. The extent of its fine program is evidenced by the fact that all four high schools, all seven middle schools, and eleven elementary schools have been named Georgia Schools of Excellence for a total of 29 times. In addition, four schools are national Blue Ribbon Schools.

### ENROLLMENT PROCEDURES

To enroll a student in the Houston County School System, the following documents must be provided:

- Records or transcript of previous school attendance (if not entering kindergarten or first grade for the first time.) The school will make a direct request to the previous school, but responsibility rests with the parents.
- Birth certificate for grades K and 1.
- Guardianship papers if the child does not live with the natural parents.
- Social Security number, waiver or application.
- Proof of residence such as a utility bill or lease.
- Ear, eye, dental (EED) screening.
- Immunization record, Georgia Form 3231.

A child enrolling in a Georgia school for the first time at any grade level must be age-appropriately immunized with all required vaccines. Required at date of entry are the Hepatitis B vaccine, two doses of measles-containing vaccine, and Varicella vaccine (unless child has had chicken pox).

Vaccinations and vaccination records may be obtained from the Houston County Health Department or from a private physician. Please note that the immunization record must be on the official Form 3231 provided by the Georgia Department of Human Resources.

## STUDENT ADMISSIONS

**Pre-Kindergarten.** A child is eligible for admission to Pre-kindergarten if he reaches his fourth birthday on or before Sept. 1 of the current school year.

**Kindergarten / 1st Grade.** A child is eligible for admission to kindergarten if he reaches his fifth birthday on or before Sept. 1 of the current school year. A child is eligible for admission to first grade if he reaches his sixth birthday on or before Sept. 1 of the current school year. An underage child moving into Georgia may be admitted to kindergarten or first grade if the parents and child have lived outside the state of Georgia for two years and the child has been enrolled in an accredited program. The child must reach age five for kindergarten or age six for first grade by Dec. 31.

## CHILD CARE CHOICES

Child Development Centers in Buildings 946 and 943 provide age-appropriate care for infants through school-age children. The facilities are open Monday through Friday. The centers are also open on Sunday mornings for chapel services. The centers provide "traditional" child care for the younger crowd, and a preschool program for children 3 to 5 years old. They can be reached at (478) 926-5805/3080.

The centers oversee a Family Child Care home program, an alternative to the formal environment of the CDC. Family Child Care home providers are licensed, trained caregivers living in military family housing who take care of children in their homes. Contracts for care are made directly with the provider, and a list of providers is kept at the CDC or in the Family Child Care office located in Building 767.

## MEDICAL

### EMERGENCIES

Those who have an emergency should go directly to the Houston Medical Center emergency room on Watson Boulevard or go to the nearest emergency room and contact

your Primary Care Manager the next day. If an ambulance is required, dial 911.

### MEDICAL CLINIC

The 78th Medical Group provides comprehensive healthcare services by appointment Monday through Friday from 7 a.m. - 4:30 p.m. and Saturdays

from 9 a.m. - noon. To make an appointment or talk to a healthcare professional, call (478) 327-7850. The clinic provides family practice, aerospace medicine, gynecology, pediatrics, optometry, physical therapy and mental health/life skills services. The main clinic is located on the south side of the base on 7th Street, Bldg 700A.

#### DENTAL CLINIC

The 78th Dental Squadron, located on the second floor of the main clinic, provides general dentistry services to active-duty service members. The availability of dental care for all other beneficiaries is extremely limited. Family members are highly encouraged to enroll in the United Concordia TRICARE Dental Program (<http://www.tricare.osd.mil/Factsheets/viewfactsheet>). Dental sick call is provided. For further information, call (478) 327-8056.

#### PHARMACY

The 78th Medical Group Pharmacy fills prescriptions from military and civilian providers for all eligible beneficiaries for items routinely stocked in the pharmacy. The medical providers, through the pharmacy and therapeutics function, determine the drugs stocked in the facility. A list of these drugs is available at the pharmacy or will be faxed to civilian providers upon request. The pharmacy stocks approximately 900 medications, which include the DoD-mandated basic core formulary

of drugs required at all military facilities. The pharmacy is open from 7:30 a.m. to 4:30 p.m., Monday through Friday. The pharmacy is closed on the weekends and federal holidays. For more information, call (478) 327-8150, or visit the pharmacy website at <http://www.robins.af.mil/78MEDGP/pharm/pharmacy.htm>.

#### AEROSPACE MEDICINE

The 78th Aerospace Medicine Squadron offers flight medicine services within the main clinic. Occupational medicine, public health and bioenvironmental services are located in Building 207 across from the flight line. Its focus is to provide quality healthcare support for our flyers and civilian partners while ensuring a safe working environment for the entire base population. Flight surgeons are available for appointments on Monday through Friday from 7:15 a.m.- 4:30 p.m. Appointments for the flight medicine clinic can be obtained by calling (478) 327-7575. (Connects to (478) 327-7850 after duty hours.) The squadron also supports the Health and Wellness Center, located on the north

side of the base fitness center. Its staff includes a certified exercise physiologist and a registered dietician and can provide you with assistance in converting bad habits into healthy lifestyles. Counseling for smoking cessation, weight control and stress management are just a few of the services offered. HAWC is open Monday through Friday from 7:30 a.m - 4 p.m.

#### BEHAVIORAL HEALTH CLINIC

The Behavioral Health Flight has five programs to assist in building a healthy Air Force community: Life Skills Support Center, Alcohol/Drug Abuse Prevention/Treatment Program (ADAPT) to include the Drug Demand Reduction Program, Family Advocacy Program, Special Needs Identification and Assignment Relocation Process and Early Development Intervention Services (EDIS). The Behavioral Health Flight is open Monday through Friday from 7:30 a.m. to 4:30 p.m.

For more information regarding any of the programs/ services listed, call (478) 327-8398 or visit the behavioral science clinic website at [www.robins.af.mil/78MEDGP/behav/behav.htm](http://www.robins.af.mil/78MEDGP/behav/behav.htm).

Life Skills Support Center is located in Building 700 services provided include: mental health evaluations, individual therapy, group therapy and psycho-educational classes such as Depression/Anxiety Management and Stress Management. Individual therapy and group therapy services are offered to active-duty personnel. Active duty dependents, retirees and their dependents can receive individual or marital counseling services through Tricare/Choice Behavioral (1-800-700-8646). DoD civilians should seek mental health services through the Employee Assistance Program (1-800-222-0364 or Lynn Irvine at (478) 327-7683).

Alcohol/Drug Abuse Prevention/Treatment Program (ADAPT) program recognizes alcoholism as a preventable, progressive, treatable, and non-compensable disease that affects the entire family. ADAPT Clinic provides prevention, substance abuse education, assessments and substance abuse rehabilitation. The flight also provides drug abuse prevention on-base and in the local community.

Family Advocacy Program (FAP) mission is to build healthy Air Force communities. FAP provides services designed to prevent, intervene in and treat incidents of

child and spouse maltreatment. Family Advocacy Program has three components Outreach and Prevention, New Parent Support Program and Family Intervention/Maltreatment. Family Advocacy Program offers a variety of prevention programs and services such as Parenting Classes, Parents' and Tots' Playgroup, DAD's 101, Passport to Parenthood, Infant and Child Safety Checks, Anger Management, MOM's Support Group, Women Infant and Children (WIC) and Couple's Communication Workshop (Prevention and Relationship Enhancement Program-PREP).

Special Needs Identification and Assignment Coordination Process (SNIACP) is a process that identifies family members with medical or educational needs. When families relocate, the process is critical to determine availability of services for active duty members and their dependent relocating to another installation.

Educational & Developmental Intervention Service (EDIS) is a congressionally mandated program which provides specialty services to children with special needs, age birth to 21.

#### OTHER CLINIC SERVICES

The 78th Medical Support Squadron provides laboratory, pharmacy and radiology support for the healthcare providers and maintains logistics, resource management, personnel and administration, medical information systems and TRICARE services. The TRICARE Service Center (TSC) assists all beneficiaries with enrollments, benefits, claims and selecting a primary care manager (PCM). The PCMs serve as liaison with the TRICARE network for enrollees with emergencies or who may require a referral for specialty care.

The TSC is located in Building 700. To speak to a TRICARE representative, please call (478) 327-8340.

#### VETERINARIAN SERVICES

According to the base veterinarian, dog and cat pets are limited to two in any combination. For example, a family can have one mature dog which weighs more than 45 pounds and one mature dog less than 45 pounds, or one dog of any weight and one cat. The base does not allow exotics or certain breeds of dogs. For more information, call the housing office or the base veterinarian office at (478) 327-8448. The base veterinarian office is in Building 703.

## MACON STATE COLLEGE INFORMATION

Macon State College, Warner Robins Campus  
100 University Blvd., Warner Robins, 31093 .....(478) 929-6700  
Macon State College, Robins Resident Center  
Bldg. 905, 620 Ninth St., Robins AFB, 31098 .....(478) 327-7307

### RELIGIOUS SERVICES

"World Class Ministry" for the people of Robins! That is the commitment of the chaplains, staff and parishioners of the Robins Air Force Base Chapel. The chapel offers singles ministry, children and youth ministries, adult groups, as well as religious education and worship.

Christian worship is upbeat, relevant and vibrant. Services take place in the base chapel on Ninth Street, across from the base theater, next to the Smith Community Center. The chapel also offers a gospel worship service in the base theater. Sunday school and Christian formation classes meet in other buildings due to size and space constraints. Please call (478) 926-2821 for details. A full list of chapel services is available at their website at <http://www.robins.af.mil/HC/worship.html>.

Islamic worship and prayer are conducted in the chapel annex each Friday afternoon. The chapel maintains close cooperation with on- and off-base worshipping communities and helping

agencies. For information regarding off-base worship and opportunities for Eastern Orthodox, Islamic, Jewish, Muslim, Buddhist and other faith groups, please call us at (478) 296-2821.

## EDUCATIONAL OPPORTUNITIES

The Education and Training Office in Building 905, room 113, serves Robins' military and civilian personnel. This office administers all U.S. Air Force and Department of Defense Education programs. Information and services include Community College of the Air Force programs, professional guidance counseling, testing, civilian college program information, military tuition assistance, professional military education, enlisted specialty training, on-the-job training programs, commissioning programs, veteran administration education program and other specialized Air Force and Department of Defense Education and Training programs.

The Civilian Training Office, as its name implies, manages and supports training requirements for the civilian work force. Information and services include civilian tuition assistance, formalized training programs such as Administrative Career with America (ACWA), Vo-Tech Co Op, etc, formal schools consisting of Air Education and Training Command (AETC), Air Force Institute of Technology (AFIT) and Air University (AU), executive development programs such as Civilian Comprehensive Development Program (CCDP), GS-15 Leadership Seminar, etc.

Other job duties include identifying and approving civilian training requirements, administering the Annual Installation Training Plan, administration of the Acquisition Professional Development Program, monitoring and recording training completions, providing information on the functional training in specialized areas such as computers, logistics, aircraft, and avionics. For more on the programs available, visit the Education and Training website at <http://www.robins.af.mil/mss/index.htm>.

### GEORGIA MILITARY COLLEGE EDUCATION CENTER

The Georgia Military College Education Center offers six associate-level degree programs tailored to the needs of working adults, particularly enlisted military members working on a Community College of the Air Force degree. Courses are conducted in 9-week terms instead of the usual 15 weeks. They offers an associate's of arts in general studies; associate's of science in logistics management; and associate's of applied science in general studies, logistics management, communications, electronics management, and airframe and power plant mechanics. For information, visit the GMC representative in Building 905 or call (478) 327-7375.

### GEORGIA COLLEGE & STATE UNIVERSITY (GC&SU)

Educational opportunities are available at the GC&SU Robins AFB Center with graduate degree programs leading to the Master of Business Administration, Master of Science in Administration/Logistics Management, and Master of Public Administration degree with concentrations in Policy Management and General Management Systems. These programs are located on Robins AFB and they are open to military and base civilian employees, as well as community members who may attend on a space-available basis.

The center is located in Building 905. For information call (478) 327-7376.

### EMBRY-RIDDLE AERONAUTICAL UNIVERSITY CENTER

Embry-Riddle Aeronautical University (ERAU), Robins' newest education center, provides educational opportunities for professionals working in civilian and military aviation and aerospace careers. To meet the needs of the working adult student, ERAU conducts both undergraduate and graduate degree programs on base. At the undergraduate level, it awards an associate's in professional aeronautics, a bachelor's in professional aeronautics and a bachelor's in management of technical operations. At the graduate level, it offers a master's in aeronautical science with concentrations in aeronautics, management and operations. For information contact the office in Building 380, Room 206, (478) 926-1727.

SUE SAMP

# Recreation and Services

**T**he 78th Services Division provides military and civilian recreational services by monitoring and controlling the non-appropriated fund management, open messes, the base restaurant, the Civilian Welfare Fund, library services, supply and rental facilities, all recreational facilities and membership and private organizations.

## **SERVICES DIVISION** **Building 1011, 926-5491**

The Services Division welcomes you to a world of enriching opportunities, leisure time activities and most of all, fun! We consider our many programs, activities and events as a part of our customers' benefits. The Services Division, which is made up of a workforce of over 600 dedicated employees, promotes the well-being of the Robins AFB community. Every day we know we must prove our professionalism and dedication with each customer we meet. Above all, we listen to our customers and are fully engaged in anticipating their needs. If you have compliments, comments or concerns, please complete a comment card or go on line to [www.robins.af.mil/services](http://www.robins.af.mil/services) and click on the customer comment icon located on the home page. Comment cards and drop boxes are located in all services facilities.

## **AERO CLUB** **Building M – 186, 926-4867**

The Robins AFB Aero Club, located on the northwest side of the base flight line, has a mission to promote morale, develop skills in aeronautics and provide safe, economical, small aircraft flying. The training center owns several aircraft, including five Piper Warriors, Piper (T-Tail), Beech Baron and Cessna 172. Planes are available for club members' leisure time use, as well as for TDY travel.

SUE SAPP

## **BASE RESTAURANT** **Building 166, 926-6972**

The base restaurant is a modern facility located within easy walking distance from the flight line. The restaurant serves breakfast and lunch and sends mobile snack trucks to all areas of the base twice a day with hot and cold food, beverages, snacks and pastries. In addition, the restaurant operates snack bars throughout the base for employees who are not served by the trucks.

## **CHILD DEVELOPMENT CENTERS** **EAST AND WEST** **Building 943 and 946, 926-5805/3080**

The child development centers provide age-appropriate care to children ages 6 weeks to 5 years in a safe and enriching environment that meets the needs of individual children. These National Association for the Education of Young Children-accredited facilities offer a host of programs for children and their families. The facilities are open Monday through Friday and offer full-time and hourly care. Evening child care is available once a month.

## **CIVILIAN RECREATION** **Building 767, 926-1303**

The civilian recreation office located inside the Smith Community Center provides BINGO held at the Base Restaurant Monday, Wednesday and Friday nights as well monthly Bunco games and Family Night Bingo held at the Smith Community Center.

## **EQUIPMENT RENTAL** **Building 914, 926-4001**

Rent all types of equipment, including fishing and camping items, at the Equipment Rental Center. Sporting equipment such as five-man campers and pontoon boats, are available for rent, as well as yard tools, tables, chairs and outdoor party tents. Items are rented to active-duty and retired military members, as well as civilian employees and their families.

## **FAMILY CHILD CARE** **Building 767, 926-6741 (second floor)**

The Family Child Care program is an alternative to the Child Development Centers. Family Child Care home providers are licensed and trained caregivers who take care of children in their homes. FCC programs include the Subsidy Program and Resource and Referral

SUE SAAP

Service. Free child care programs include child care for volunteers and PCS, Extended Duty Care and Return Home Care. An on-line child care request form is available at [www.robins.af.mil/services](http://www.robins.af.mil/services) and click on the On Line Child Care Request Form.

## **FAMILY SUPPORT CENTER** **Building 794, 926-1256**

The Family Support Center offers the following programs: Air Force Aid Society, family readiness education and assistance, personal financial management assistance, family life education, information and referral, family member employment resource service, relocation assistance and transition assistance, the Loan Closet and Airmen's Attic. Its Operation Stork provides layettes for Air Force personnel's firstborn. FSC programs serve all single and married active-duty, Department of Defense civilian personnel and their eligible family members, guard and Reserve members on active duty, other eligible uniformed members, military retirees and their eligible family members. Customers should call (478) 926-1256 or (478) 926-3453 before visiting the FSC, due to possible service relocations because of construction.

## **FIRST-TERM AIRMEN'S CENTER** **Building 941, 222-0167**

The Robins FTAC in Building 941 provides a structured program to transition airmen from training to a mission-oriented environment, reinforcing the military lessons first-term airmen learn and experience in basic military and technical training. By providing briefings covering various topics and initial ancillary training, the FTAC has the unique opportunity to create an environment for airmen to develop a warrior spirit and an expeditionary mindset. FTAC students are assigned for a period of 2 weeks of classroom briefings and 2 weeks of details. Over the past 3 years, the Robins FTAC has in-processed 1,160 students.

## **FITNESS CENTER** **Building 826, 926-2128**

The fitness center, which is rated as one of the best in Air Force and two-time winner of the Five-Star Fitness Center award, offers 43,000 square feet for a wide-range of fitness activities. The exercise rooms are filled with Nautilus exercise stations, exercise bicycles, stair steppers, ski machines, rowing machines, free weights, an indoor running

track and an indoor pool. The fitness center also features FitLinxx, a virtual training partner that guides customers through their workouts. FitLinxx also records what they accomplish and allows trainers to review and evaluate customers' progress towards their personal fitness goals.

Other amenities of the fitness center include lighted tennis courts and a swimming pool located near the facility. Also nearby are softball, baseball, soccer and touch football fields, as well as a running track. A variety of classes such as aerobics, yoga, Pilates and martial arts are available along with services such as massage therapy and fitness assessments. Memberships are free to military members and their families, and civilian memberships are available on a limited basis. After a workout, customers can reward themselves with a nutritious shake or smoothie at the Nutrition Connection.

## **HONOR GUARD**

**Building 364, 926-9775**

The Robins AFB Honor Guard is a 26-member team that performs military funeral honors for deceased active duty, retirees and veterans. The team also performs color guard duties for authorized events such as active duty retirements, changes of command, dining in/out and other official military and approved community ceremonies. The Honor Guard can provide color guard equipment for use by base units to perform color guard ceremonies "in house."

SUE SAPP

SUE SAPP

## **INFORMATION, TICKETS AND TRAVEL**

**Building 767, 926-2945**

The ITT offers various tickets at discount rates to amusements and attractions in Georgia, Florida and Tennessee. The activity also provides a full-service travel office that offers airline tickets, cruises and vacation packages. ITT holds an annual travel show and offers group trips to destinations such as Las Vegas and Caribbean cruises.

## **LIBRARY**

**Building 905, 327-7380**

The library is home to more than 45,000 books, plus video tapes and cassette tapes. The library provides information materials for base organizations to meet Air Force requirements or recreational support to the base community and educational support to the area. A reference technician is on duty daily, and a children's librarian administers a special program, which includes weekly activities.

## **NATURE CENTER**

**Building 1305, 926-4500**

The Spalding Nature Center, located next to Luna Lake, features natural displays for instructional purposes. Demonstrations and lectures are conducted throughout the year. The Adopt-A-Pet Program lets base children and organizations donate funds to support the feeding of the center's animals. The new Oscar's Amphitheater is available for weddings, retirement parties, and meetings. Cost for rental is \$15 with a \$25 refundable deposit.

## **OUTDOOR RECREATION CENTER**

**Building 914, 926-4001**

The Outdoor Recreation Center offers a variety of activities for the whole family to enjoy such as deep sea fishing, white water rafting, hiking, canoe/kayaking, ski trips, paintball, NASCAR and gambling getaways.

The Outdoor Recreation Center offers an alternate fitness activity for the Robins community with its new par course. An eight-station par course spaced over a scenic five-kilometer path offers fresh air and exercise together. The first station is located across Seventh Street from the fitness center. The path follows the golf course down Seventh Street., through the stable area and around Duck and Scout Lakes. For more information on the course and station locations, call outdoor recreation at (478) 926-4001.

## **PICNIC AREAS**

Picnic shelters are available next to Duck Lake, Luna Lake and the physical fitness center to accommodate individual families or large groups. To reserve a shelter, contact the nature center at (478) 926-4500.

## **PINE OAKS GOLF COURSE**

**Building 595, 926-4103**

The Pine Oaks Golf Course is a 6,059-yard, 18-hole, par 71-course open seven days a week. A driving range and putting green are adjacent to the course for those who want to practice before hitting the course. Nominal green fees are charged for daily play. Golf carts, pull carts and clubs are available for rent, and the pro and his

assistant gives lessons. Following a round of golf, visit the Fairways Restaurant for daily and weekly specials on food and beverages. A fully stocked pro shop is on the premises, and lockers and a dressing area are available for players.

## **PINE OAKS LODGING** **Building 557, 926-2100**

Two hundred-six bed spaces are currently available for visiting officers and enlisted active duty members, retirees and civilian employees on official business. In addition, 50 modern temporary living facilities opened on base in 1999.

## **RIDING STABLES** **Building 1175, 926-3214**

Although considered a private organization, the Robins Riding Stables are open for boarding horses owned by active duty and retired military members and civilian employees. The stables are in Building 1175 near the Spalding Nature Center off Crescent Drive. Isolation pastures and mixed pastures are available to owners and club members.

## **ROBINS OFFICERS' CLUB** **Building 914, 926-2670**

The Robins AFB Officers' Club is open seven days a week to its members, their families and guests. Visiting officers who have club memberships elsewhere have reciprocal privileges at the Robins facility when they present their club membership card. Lunch is served Monday through Friday, with dinner served Tuesday through Saturday evenings and brunch on Sunday. The Wellston Lounge, behind the club, is a favorite spot for company grade officers to enjoy pool tables, darts, a crud table and outdoor volleyball. Other club membership privileges include the services of a full-time caterer, the club's barber and use of the swimming pool during the season. Live entertainment is in the lounge Friday and Saturday evenings.

## **ROBINS ENLISTED CLUB** **Building 956, 926-4515**

The Robins AFB Enlisted Club is in Building 956, near the enlisted quarters. Lunch is served Monday through Friday.

Entertainment is in J.R. Rockers Friday and Saturday evenings. The Press Box Restaurant offers an express lunch

throughout the week and full evening services on Fridays and Saturdays (note: not every weekend). A high tech game room is also in J.R. Rockers along with pool tables, darts and a dance floor. Club members receive reciprocal privileges when visiting clubs at other bases when they present their club card.

## **ROBINS LANES BOWLING CENTER** **Building 908, 926-2112**

The 16-lane Bowling Center is in the hub of all base activities in Building 908 next to

the base theater. Squadron and office leagues, as well as youth bowling leagues are popular, and tournaments like nine-pin, no tap and color mania attract many to competition. "Thunder Alley" is an exciting way to spend Friday and Saturday nights. Bumper bowling is available for the novice bowler. The Bowling Center snack bar, On Spot Café, offers dining specials during the week. A well stocked pro shop provides bowlers with custom fitted balls and a convenient place to shop for all their bowling gear needs.

## **YOUTH CENTER**

**Building 1021, 926-2110**

Children between the ages of 5 and 18 enjoy a variety of events, including basketball, football, soccer, cheerleading, baseball, gymnastics and swimming. The center offers special events like hayrides and street dances. A before and after school program is available for children who attend base schools and summer day camp is offered when school concludes for the summer.

## **WIC PROGRAM**

**Building 700, 327-8433**

WIC-Women, Infants, and Children nutrition program operates five days a week from 8 a.m. to 4 p.m. in Building 700, Suite H101. The program provides free healthy foods and nutrition information to pregnant women, mothers and small children up to age 5. It's free to those who meet eligibility requirements. To check eligibility or for other WIC information, call the WIC office, (478) 327-8433.

## **COMMISSARY**

The commissary is in the east wing of Building 660, adjacent to Gate 14 on the south side of the base. The facility is approximately 80,000 square feet. It features, along with its many grocery items, a bakery with fresh breads, novelty and custom made cakes and a full-service deli. The operating hours are 8:30 a.m. to 10 a.m., Tuesday through Friday for up to 12 items; full shopping is 10 a.m. to 7 p.m., Tuesday and Thursday; 10 a.m. to 6 p.m., Wednesday and Friday; 9 a.m. to 5 p.m., Saturday, and 11 a.m. to 5 p.m. Sunday. The commissary is closed on Monday.

## **AAFES FACILITIES**

The Army & Air Force Exchange Service offers a wide range of services on Robins Air Force Base. Patrons enjoy shopping in the new and modern shopping mall constructed in 2000. This facility houses the Main Exchange, Military Clothing Sales, food court and concessionaires. In addition, there is also a Class Six/Shoppette, Car Care Center, furniture store, Burger King and Church's Fried Chicken.

Only authorized patrons are allowed to shop in the retail stores, however we invite all Robins AFB personnel, including civilian and contracted employees, to enjoy the wide variety of food items offered in the food court, Burger King and Church's Chicken.

## **SKREET RANGE**

**Building 1301, 926-4733/4001**

The skeet range, on the south end of the base, is open to all base employees and their families every week and on Federal holidays. They offer monthly tournaments, shootouts and cookouts throughout the year. For hours of operation, call (478) 926-4733 or (478) 926-4001.

## **SKILLS DEVELOPMENT CENTER**

**Building 984, 926-5282**

The Skills Development Center offers a variety of classes in traditional arts, crafts and woodworking throughout the year. In addition, the center sponsors the Air Force Artist-Craftsman Contest and the Air Force Photography Contest. "Do-it-yourselfers" have plenty of room to work on their cars in the auto hobby shop, and woodworkers have access to the latest tools in the wood hobby shop. The center also makes plaques, name tags and personalized items, custom frames in its frame shop; and silk-screened items in its shirt shop and banners. For more information, call the skills center at (478) 926-0304.

## **SMITH COMMUNITY CENTER**

**Building 767, 926-2105**

The Smith Community Center is open six days a week ( Mon. Wed. and Fri, 8 a.m. - 6 p.m.; Tues. and Thurs. 8 a.m. - 8 p.m. and Sat. noon - 6 p.m.) to serve the members of Robins AFB. The center provides entertainment and recreation for all

military members and civilian employees, their families and guests. Facilities inside the center include the Pizza Depot and the Robins Japanese Grill, Information, Tickets and Travel, snack machines, a music room, television room, pool table, ballroom and a computer room called, The Mouse Pad.

Programs offered include dance instruction, financial planning, talent shows, concerts, the annual Christmas food drive, concerts and movies in the park, team game challenges and special events such as a fall chili cook-off.

## **SWIMMING POOLS**

The Services Division oversees the base's four swimming pools located on Crestview Drive, at the enlisted and officers' clubs and at the fitness center. Swimming season usually begins on Memorial Day and ends on Labor Day. Water aerobic classes are available year round while swimming lessons are offered during the summer. For more information call Outdoor Recreation at (478) 926-4001.

## **WYNN DINING HALL**

**Building 768, 926-6596**

The dining facility serves breakfast, lunch, dinner and a midnight meal with carryout service available. A 24-hour flight kitchen also is available in Building 2062 to accommodate flying units. Special events such as airmen's appreciation dinners and birthday parties are conducted periodically.

# Warner Robins Air Logistics Center WR-ALC

**A**s an integral part of the world's most respected Air and Space Force, the Warner Robins Air Logistics Center is dedicated to the mission of providing combat capabilities for Department of Defense and allied nation war fighters through superior sustainment and deployment of combat-ready forces. As one of three air logistics centers that provide logistics support to the entire U.S. Air Force, Warner Robins Air Logistics Center supports the goals and objectives of Air Force Materiel Command and other related Air Force and Department of Defense activities.

Our motto is "People First—Mission Always."

The Center provides various aspects of cradle-to-grave weapon system management, sustainment, metrology and calibration services, and integrated logistics support for the F-15, C-5, C-17, C-130, U-2, E-8 (Joint STARS), various special operations aircraft and helicopters.

Similar support is provided for electronic warfare equipment, avionics, general purpose computers, support equipment, missiles, aircraft propellers and vehicles

of various types. WR-ALC also conducts emergency software programming of Air Force and other DoD and allied electronic warfare systems.

Through the use of integrated weapon system management techniques, WR-ALC provides a full range of logistics support,

including budgeting and financial management, sustainment and contracting, and systems engineering and maintenance throughout each system's lifecycle. The center determines the spare parts, supplies and equipment needed to support the weapons systems and commodities for which it is responsible. The center then budgets, buys, stores, distributes and disposes of these when no longer needed.

Robins manages more than 200,000 items that represent the full range of avionics functions and technology. These include aerospace communications and navigation equipment, airborne bomb and gun directing systems, target acquisition systems and all airborne electronic warfare equipment. Civilian, contractor and military employees repair, modify and overhaul assigned systems.

The center is part of the Air Force Materiel Command headquartered at Wright-Patterson Air Force Base, Ohio. AFMC is dedicated to the delivery of war-winning technology, acquisition support, sustainment and expeditionary capabilities to the war fighter.

SUE SAPP

# 78th Air Base Wing

The 78th Air Base Wing is the host organization of Robins Air Force Base. Its primary mission is to provide well-trained, ready forces to support any contingency operation that requires support from the members of Robins AFB. The wing, simultaneously, prepares for military operations, deploys ready-forces, and provides the backbone for every mission at Robins AFB.

The wing is responsible for every service associated with a large base including force protection, medical services, airfield operations, facility operations and maintenance, property management, civilian and military personnel management, communications, mobility, supply and transportation, and services functions for more than 28,000 active duty members and their families, civilian employees, and retirees. The wing manages multiple roles in combat support, processing and deploying troops. They also serve as a point of embarkation for many Army personnel

leaving the United States for contingency operations.

The 78th Air Base Wing ensures that Robins AFB maintains the support functions

necessary to successfully accomplish a wide-array of Air Force missions at home, as well as ensure its troops are fit to engage in any military operation around the world.

**ROBINS**  
AIR FORCE BASE, GA

# 330th Aircraft Sustainment Wing

**T**he 330 Aircraft Sustainment Wing consolidates responsibility for sustainment management of more than 5,500 aircraft, 1,800 personnel and a budget of \$5.8B. The wing manages the Air Force's fleet of C-130, C-5, C-141, C-17, F-15, U-2 and Joint Surveillance Target Attack Radar System (JSTARS) E-8C aircraft with a total value of over \$200B. The wing oversees programmed depot maintenance, modernization and modification programs, spares procurement, and repair for all these aircraft. Other systems in the wing's portfolio include the Distributed

Common Ground System; Special Operations Forces/Combat Search and Rescue aircraft; Intelligence, Information, Command and Control Equipment and Enhancements, and Contractor Field Service Representatives. The wing supports acquisition program managers for weapon systems assigned to a Program Executive Officer portfolio and is responsible for engineering, worldwide logistics, weapon system readiness, and wartime sustainability support to DoD and foreign military sales customers.

Phone number: (478)327-8784

# 402nd Maintenance Wing

The 402 Maintenance Wing is comprised of a 7,000 member team managing a \$1.4B budget. It manages depot-level maintenance production and manufacturing facilities and laboratories in the restoration of AF equipment and aircraft to serviceable condition. The wing is responsible for providing sustainment of avionic and electronic warfare systems, programmed depot maintenance for the C-17, C-130, F-15, and C-5 weapon systems, and unprogrammed depot-level maintenance for crash or battle-damaged aircraft for the AF and other DoD services. The wing supports over three million lines of software code on more than 40 unique weapon systems, repair components and manufacture parts, provides retail logistics support for the Command's worldwide missions, and manages infrastructure programs. The wing implements policies designed to achieve the AFMC objective of providing a depot-level industrial capability and capacity to support peacetime mission-essential requirements. Phone number: (478)222-3479

SUE SAPP

# 542nd Combat Sustainment Wing

The 542nd Combat Sustainment Wing brings together 2,835 people with a budget of \$4.4B. The wing installs, distributes, modernizes and sustains combat systems for DoD and FMS customers. It is responsible for life-cycle management of more than 800 systems valued at \$56.2B, and contracts in excess of \$8B. The wing's portfolio includes electronic warfare and avionics systems, support equipment, vehicles, basic expeditionary airfield resources, life support systems, automatic test systems and equipment, missiles and weapons, and the USAF Metrology and Calibration Program. It is also responsible for technical and engineering data procurement, management

and sustainment; initial provisioning support for new systems and equipment; establishing buy and repair requirements; initiation of procurement action for replenishing spares, equipment and services; technical assistance and engineering support; and oversees depot level repairables, modification and overhaul requirements. It is responsible for center level mission/business area management and oversight of supply chain activities and processes applicable to product support. The wing provides AF representation to the DoD ATS Management Board, and the Joint Panel for Aviation Support Equipment. Phone number: (478)222-3150

# Robins' Associate Units

## AIR FORCE RESERVE COMMAND

**H**eadquarters Air Force Reserve Command at Robins AFB is responsible for providing logistics support and ensuring combat readiness for more than 76,100 Air Force reservists nationwide. Known as "Citizen Airmen," these reservists play an integral role in our national defense and are vital to the effectiveness of the U.S. military in combat.

The command has three numbered air forces divided into 36 wings, three flying groups, one space group, and more than 600 subordinate units. These units are on active-duty or reserve bases in 29 states. The Air Reserve Personnel Center in Denver reports directly to the command. The center serves reservists in the Individual Mobilization Augmentee Program who work in all the other major commands as well as most of the Air Force's field operating agencies and direct reporting units.

Because of the ability to call up forces only when needed, AFRC is very cost-effective, providing 20 percent of the Air Force's capability for about 4 percent of the total Air Force budget. Through its reserve components, the Air Force retains experienced professionals. About 93 percent of AFRC aircrews and 86 percent of the support troops previously served on active duty, averaging more than 12 years of experience.

Since 1950, the Air Force Reserve has taken part in nearly every one of our nation's humanitarian, peace-keeping and military operations around the world. In the beginning of 2005, about 4,000 reservists were on mobilized status by the president, and about 2,500 volunteered in support of Operation Iraqi Freedom and the Global War on Terrorism. These reservists are deployed in various countries, including Afghanistan and Iraq as well as in the United States for homeland defense.

"Citizen Airmen" balance the demands of their military service with those of their families and civilian employers. To make the Air Force mission a success, reservists go "above and beyond" the commitments of civilian life, balancing military service with their civilian jobs.

AFRC has four categories of full- and part-time duty reservists. "Traditional" unit reservists train part time as a unit—at least one weekend each month along with two weeks of annual training each year and deploy when required. Individual mobilization augmentees or IMAs are assigned part time to active-duty units and usually backfill or deploy when required. Another category of reservists belong to the Active Guard and Reserve program. These reservists work full time on active duty. Air reserve technicians work full time in dual roles as federal civilian employees and reservists to ensure unit readiness and training continuity.

The headquarters staff is a mix of active-duty, reservists on active-duty tours, air reserve technicians and civil service employees. Directorates within the headquarters include operations, logistics,

financial management, communications, personnel, public affairs, services, history, staff judge advocate, health services, recruiting and more.

Reserve, active-duty and National Guard Airmen work together as equal partners in the Total Force providing frontline troops actively engaged in worldwide missions. The command has several unique missions in the Air Force and is the sole provider of aerial weather reconnaissance, fixed-wing aerial spray missions, and search and rescue for Space Shuttle missions. Other specialized missions include cleaning oil spills, assisting the nation's counter-drug efforts and firefighting with the U.S. Forest Service.

AFRC owns nearly 400 aircraft and flies hundreds more through the associate program with active-duty units. It uses equipment on the leading edge of technology in air, space and cyberspace. Reserve fighters, bombers, tankers, cargo aircraft, intelligence, surveillance and reconnaissance assets integrate seamlessly with the active force and Air National Guard to accomplish the mission successfully. Command aircraft include the A/OA-10 Thunderbolt II, B-52

Stratofortress, F-16C/D Fighting Falcon, HH-60 Pave Hawk, C-5 Galaxy, C-9 Nightingale, KC-135 Stratotanker, MC-130 Combat Talon I and C-130 Hercules including models C-130E/H/J, HC-130N/P and WC-130J.

AFRC aircrews fly a variety of missions: airborne warning and control, flight school training, aeromedical evacuation, special operations, airlift, aerial refueling, air superiority, combat air patrols, interdiction, weather reconnaissance, aerial spray, rescue, mobile aerial firefighting, strategic/tactical bombing, oil dispersant, entomology and Space Shuttle support. In addition, reservists conduct space operations supporting the Global Positioning System Program, Defense Support Program, and Defense Meteorological Satellite Program.

## BAND OF THE U.S. AIR FORCE RESERVE

One of the premier musical organizations in the Southeast is the Band of the U.S. Air Force Reserve, which performs extensively throughout its primary geographic area of Georgia, Florida, Tennessee, Alabama and Mississippi. In addition, the band is often asked to perform in other areas of the United States, Europe, the Caribbean and Central America. In all, the band logs close to 500 performances and more than 100,000 miles a year in support of Department of

Defense, Air Force and Air Force Reserve recruiting, military affairs, community relations and counter-drug activities.

The band consists of 60 active-duty musicians assigned to a wide variety of ensembles. The highly acclaimed concert band performs everything from original compositions to marches, patriotic selections and vocal features.

Three to six times annually, the Band Strike Package travels nationwide to Air Force Reserve unit locations to promote awareness of Air Force Reserve public affairs and recruiting initiatives. This includes 25-40 public performances in a five-day period.

## 116TH AIR CONTROL WING

The 116th Air Control Wing's mission combines the talents of Air Force active duty, Georgia Air National Guard and Army members, and civilians to train, mobilize and deploy combat mission ready aircraft, aircrews and support anytime, anywhere in the world.

The wing's role in national defense is to provide uninterrupted command, control, intelligence, surveillance and reconnaissance in support of the Joint Force Air Component commander. The unit provides round-the-clock radar coverage with trained airmen and soldiers on the E-8C Joint Surveillance Target Attack Radar System aircraft, also known as JSTARS.

The aircraft has advanced radar, computer, and communications technologies that combine to create a powerful surveillance, targeting, and airborne battle management system. The phased-array radar antenna is housed in the 40-foot canoe shaped radome located under the forward part of the fuselage. The E-8C can respond quickly and effectively to support worldwide military contingency operations.

The 116th boasts a military and civilian workforce of nearly 3,000 people assigned to the operations, maintenance and mission support groups, and the Army's 138th Military Intelligence Company. A further breakdown of the groups reveals 13 squadrons and three flights that support the wing's mission.

The 116th made history Sept. 1, 2002, and became the blueprint unit for the Air Force Secretary's vision of a 'Future Total Force' by combining active duty, Air National Guard and Army personnel, becoming "one force, one mission, one team; the wing of choice for the 21st Century."

The unit began its history in 1941 as the 128th Observation Squadron at the Atlanta Municipal Airport and was activated for World War II, flying B-17s in the Mediterranean theater as a part of the 483rd Bombardment Group. The unit was also activated for the Korean War, flying F-84s. After the war, the unit was reassigned to the Air Defense Command flying P-51s, F-84s and F-86s.

In 1961, the wing was reassigned from an air defense role to the Military Transport Service flying C-97s. In 1966, the C-97 was replaced by the C-124. In 1973, the unit once again went back to a fighter role and flew the F-100. In 1979, the unit received F-105Gs and the "Wild Weasel" mission. In 1982, the unit received F-4Ds and flew those until the F-15 Eagle arrived in 1987.

As one of the premier units of the Air National Guard, the 116th Fighter Wing twice received the Winston P. Wilson Trophy as the number one fighter unit in the Guard. It also received the William W. Spruance Flying Safety Award and 12 Air Force Outstanding Unit Awards—more than any other unit in the U.S. Air Force, active or reserve. In 1994, the Air Force directed the wing to convert from a fighter mission to a heavy bomber unit flying the B-1B Lancer. The 116th then moved from Dobbins Air Reserve Base in Marietta, Ga., to Robins.

## 5TH COMBAT COMMUNICATIONS GROUP

The 5th Combat Communications Group provides communications, air traffic control and weather systems that deploy in support of U.S. military operations anywhere in the world.

The 5th CCG is an Air Combat Command unit reporting to 9th Air Force at Shaw AFB, S.C. The group's four combat communications squadrons deploy in support of joint

task force, combatant command and Air Force flying wing exercises. The group also has an Air Force Reserve associate unit, the 55th Combat Communications Squadron. The 55th also serves in an advisory capacity for three Air National Guard combat communications groups and Air Force Reserve communications flights with more than 2,500 people in subordinate squadrons from Maine to the Virgin Islands.

The 5th CCG supports United States Central Command Air Forces and Joint Chiefs of

Staff operations and exercises in Southwest Asia, Central and South America and the Pacific theater. The group also responds to contingencies, emergencies and natural disasters both overseas and throughout the United States. During local training exercises, the 5th CCG deploys to a variety of sites around the Southeastern United States.

Recent world events highlighted the 5th CCG's vital mission. For example, hundreds of group personnel deployed to Southwest Asia in support of Operations Iraqi Freedom, Enduring Freedom, Desert Shield/Storm, Restore Hope, and many more participated in important joint service operations in Central America, Africa, Iceland and the Far East.

The 5th CCG has been based at Robins AFB since its activation July 1, 1964. It was originally called the 5th Mobile Communications Group and is still affectionately referred to as the 5th MOB. Today, the unit has over 800 personnel and can be a self-supporting combat unit. The group can provide its own site security, electrical power, and vehicle maintenance. The 5th's mission varies from providing small fly-away communications packages to rapidly deploying entire theater air base communications packages.

The 5th CCG brings state-of-the-art, scalable communications support to deployed theater air bases. The group's members operate complex networks, switches, and base-level communications terminal equipment in the deployed environment, providing critical voice, message, and high speed data communications for operational users. The 5th also provides deployable Air Traffic Control and Landing Systems and deployable weather systems. The Weather Systems Support Cadre at the 5th is a multifaceted team that deploys worldwide with communications forces to provide technological and logistical support on tactical weather systems. Of course, the abilities of the unit's people mirror the group's far-reaching responsibilities.

The 5th proved itself by being named the Best Large Communications Unit in Air Combat Command for 1997. In 1999, members of the 51st CBCS were selected as Air Combat Command's Small Unit Maintenance Effectiveness Award recipients. The 5th was recently announced as the winner of the 2003 General Harold M. McClelland award recognizing our Group as the

best large communications unit in the Air Force. The 5th also earned its ninth Air Force Outstanding Unit Award in 2003.

The community has come to know the 5th CCG as a helping hand in times of trouble. During the "Flood of '94," more than 200 members of the 5th helped with evacuations, set up shelters and delivered medicine to people stranded by the flood. In 1999, the group provided needed supplies and volunteers to help with people displaced from Georgia's coastlines when Hurricane Floyd struck the east coast. The Warner Robins Chamber of Commerce selected the 5th as winner of the 1998, 2001 and 2002 Community Service Awards due to its support to the community; it was runner-up for 1999.

### **19TH AIR REFUELING GROUP**

The 19th Air Refueling Group is one of the oldest organizations in the U.S. Air Force. The group has served in two world wars and numerous armed conflicts, and has earned the distinction of being one of the most decorated units in the Air Force. Unit honors include eight Presidential Unit Citations, 12 Air Force Outstanding Unit Awards, one Philippine Presidential Unit Citation, and one Republic of Korea Presidential Unit Citation.

SUE SHARP

The group motto is "In Alis Vincimus (On Wings We Conquer)," a role the men and women of the 19th proudly uphold. Flying the KC-135R Stratotanker, the current group of "Black Knights" consists of more than 550 members in four squadrons: 19th Operations Support Squadron, 19th Maintenance Squadron, 99th Air Refueling Squadron, and the 19th Aircraft Maintenance Squadron; and continue to add their part to the group's impressive legacy.

On November 19, 1988, the group (then a wing) and the KC-135R made aviation history when they flew to world aviation records in four different weight classes. That event, documented in international record books, set 16 world time-to-climb records, three of which were previously held by the Soviet YAK-42 transport aircraft.

Furthermore, the Black Knights became the first tanker unit to win the prestigious General William G. Moore Trophy at Air Mobility Command's prestigious flying competition "Rodeo '94." This award signifies the Best Air Mobility Wing and is the ultimate award in the competition. In June 1996, the Black Knights earned the prestigious title for the second time at the international rodeo competition. It was the first back-to-back title for any organization in the history of the Air Force.

In 2001, the Black Knights made history again by winning the coveted General Carl A. Spaatz Trophy in 2001 as the best air refueling squadron in Air Mobility Command. The 99th ARS, "Ramrods," is the only unit in AMC to hold this honor for three consecutive years.

Since the terrorist attacks of September 11th, the men and women of the 19th ARG have kept a vigilant eye on the security of the United States, by flying missions and maintaining periodic "moment's notice" Alerts for Operation NOBLE EAGLE. Additionally, the 19th has been the standard bearer for the United States Air Force's Special Operations Air

## 367TH RECRUITING GROUP

Headquarters 367th Air Force Recruiting Group, Air Education and Training Command, is responsible for active duty Air Force recruiting in 13 southeastern, mid-Atlantic and northern states, as well as Puerto Rico and the U.S. Virgin Islands. The group is comprised of eight squadrons: the 330th Recruiting Squadron, Indianapolis; 331st Recruiting Squadron, Maxwell AFB, Ala.; 332nd Recruiting Squadron, Nashville, Tenn.; 333rd Recruiting Squadron, Patrick AFB, Fla.; 336th Recruiting Squadron, Moody AFB, Ga.; 337th Recruiting Squadron, Shaw AFB, S.C.; 338th Recruiting Squadron, Wright-Patterson AFB, Ohio; and 339th Recruiting Squadron, Clinton Township, Mich.

In a typical recruiting year, the group will place nearly 10,000 high-quality men and women in Air Force blue—9,500 enlisted members, 200 line officers and 220 health profession officers. Also, the group supports the generation of nearly 1,000 Reserve Officer Training Corps scholarship applications.

# Museum of Aviation

In 1982, an aviation museum in Warner Robins was only a dream in the minds of a few ardent believers. Today, the dream is alive on 51 acres adjacent to Robins AFB where over 90 historic aircraft proudly rest as a tribute to the thousands of miles flown by American aircrews in defense of freedom. It's a place that beckons young and old visitors alike—over 7 million since opening in 1984—to learn about great aircraft, significant moments in history and the Georgians who blazed trails in the sky. What began in old refurbished storage huts in 1984 is now a world-class \$10.3 million facility with more than 200,000 square feet of indoor exhibits in four buildings.

The main three-story building, which opened in 1992, is shaped like the Air Force “Star and Bars” insignia. A breathtaking circular rotunda greets visitors who immediately see an F-15 Eagle fighter beneath two World War II training planes suspended from the 40-foot high ceiling. Life-sized photomurals on the walls depict Robins AFB flight line hangars where fighters and transports are repaired and modified by base employees. In both wings, exhibits take you back in time—to an American “Flying Tigers” airfield in China in 1942 where a P-40 Warhawk readies for its next mission; to India where U.S. C-47 transports flew over “the Hump” (Himalayan Mountain peaks

rising to 30,000 feet) in the 1940s to resupply American troops fighting for China; and to a Korean flight line revetment with an F-84 Thunderjet.

The Museum currently houses the Georgia Aviation Hall of Fame where the feats and memorabilia of 60 famous Georgia pioneer aviators are displayed. Those enshrined include the first person to fly in Georgia, the first black American military pilot, Georgia's only WWI flying ace, pioneer women aviators like Jackie Cochran and Georgia's “Top Gun” Navy fighter pilot and astronaut, Sonny Carter and medal of honor recipients Capt. Hilliard A. Wilbanks and Col. Joe Jackson. A

special exhibit salutes Macon's own WWII ace, Brig. Gen. Robert L. Scott Jr., author of the 1943 bestseller "God is My Co-Pilot." The general reports daily to the Museum and can sometimes be seen greeting visitors with a cheerful wink and a story or two from his 70 years of flying. The Museum also acquires temporary exhibits throughout the year, with subjects ranging from pictorials of cockpits to engines to women in aviation. Check the Museum website for current exhibit displays.

Two Vistascope theater films, "To Fly" and "Flyers," are shown daily on a wrap-around 30-foot high screen. A unique gift shop with hundreds of aviation-related items is available. A restaurant is on the third floor where large observation windows look out on the many planes below. The Museum is a "living history" facility with numerous seminars, classes and activities for students, teachers and interns.

School classes arrive daily and model rocket classes are conducted to teach youngsters the basics of flight. A growing historical research archive and educational center is housed in the Museum. The Middle Georgia Youth Science and Technology Center was established to complement the Museum's existing educational programs in exciting Middle Georgia teachers and students about math, science and technology.

The 66,000 square-foot Century of Flight Hangar opened in late 1996 to protect some of the famous aircraft like the world speed record holder SR-71 Blackbird, the

U-2 Dragon Lady and B-29 bomber. The hangar, housing the "We the People" exhibit, also houses an educational flight simulation center where student classes can experience Air Force non-combat missions like rescue, reconnaissance and humanitarian airlift. Other exhibits at the Museum include "Windows to A Distant Past" about Native American history, "America's Black Eagles" about famous black aviators, "14th Air Force and the Flying Tigers,"

and the Aviation Adventures Center where visitors can climb inside a C-130 cargo plane.

Located seven miles east of I-75 off Exit 146 at the intersection of Highway 247 and Russell Parkway, the Museum is open daily from 9 a.m. to 5 p.m. except Thanksgiving, Christmas and New Year's Day. Admission is always free. For more information call (478) 926-6870 or visit their website at [www.museumofaviation.org](http://www.museumofaviation.org).

# Middle Georgia Community

## GEORGIA

**T**he largest state east of the Mississippi River, Georgia is blessed with mile-high mountains, a seashore of more than 100 miles along the Atlantic Ocean, sand clay plains and red Piedmont Hills. Rich in resources, character, and tradition Georgia and its 58,576 square miles is known as the Empire State of the South. Symbolic of this character and tradition is the city of Atlanta. Founded in 1837 as a site for the southwestern terminal of the Western and Atlantic Railroad, the city was first named Terminus. To honor the sitting governor, the name was changed to Marthasville, in tribute to his daughter. When it was discovered that the new name was too long to write on freight orders, the name was changed for the third and final time in 1847 to Atlanta.

Today, the city stands as the reigning leader in the developing new South. It supports a viable international economy along with its strongly diversified regional foundations in banking, real estate, transportation, medicine and manufacturing. The city also has emerged as a major convention paradise and a booming tourist destination that offers an exciting variety of world-class hotels, attractions, events and dining oasis.

But Georgia is much more than just the big city. Recreational facilities abound throughout the state. Major man-made lakes, with hundreds of miles of shoreline, cover more than 300,000 acres. Eight major flood-control reservoirs, under control of the U.S. Army Corps of Engineers, cover 261,560 acres. Their by-products provide areas for pleasure boating, fishing and swimming. The Fabulous Golden Isles, with their miles of sandy white beaches, adorn Georgia's coast, offering year-round golfing and fishing.

Deep in South Georgia, near Waycross, is the Okefenokee Swamp, an unconquered

660 square miles of federal preserve where wildlife and natural beauty are protected for public enjoyment. Savannah, hostess city of the South, was one of the first planned cities in North America. It gains much of its charm from its cobble-stoned river front section, broad avenues and many oak-shaded squares. The first settlement in Georgia was started in Savannah in 1733 when General James Edward Oglethorpe and a band of English settlers sailed into Savannah harbor. Savannah's famed Bull Street is one of the classic Avenues of America. In the Pine Mountain area of Georgia are Franklin D. Roosevelt's Little White House in Warm Springs and Callaway Gardens, which includes 11 lakes, and features water skiing, golfing, fishing and a unique country store.

Georgia has 37 state parks, 13 with cottages for rent and 32 with tenting accommodations. Parks are located within easy driving distance of every major population area of the state. The Georgia Historical Commission has set up 15 shrines to perpetuate Georgians' interest in their own history.

## WARNER ROBINS

From a tiny hamlet of 50 people in 1940, Warner Robins has evolved into Georgia's eighth largest city with a population of more than 50,000. Warner Robins takes great pride in the diversity and harmony of its people. Citizens from all 50 states and several foreign countries and all walks of life combine their talents. The end result is a community that is both progressive and spirited.

Located in Houston (pronounced house-ton) County, Warner Robins is easily accessible by both Interstates 75 and 16, giving the city major transportation patterns in every direction. A moderate climate produces an average winter temperature of 50.2 degrees, while the

summer average is 82.4 degrees. The last freeze is usually about March 15, and the first freeze of autumn takes place around Nov. 15. Average annual rainfall measures 44.7 inches. Warner Robins is 365 feet above sea level.

With more than 140 civic and service organizations and more than 70 churches, residents have the opportunity to quickly become involved in community activities. Also, there are outlets for people with theater, art and musical interests.

The Houston Medical Center is a modern health-care facility with a 180-bed capacity and the most up-to-date equipment. More than 100 physicians and dentists cater to the health-care needs of the community. Additionally, there are several fine nursing homes for the elderly in the city. An active Community Crisis Center serves as a source of information, counseling, and referral to those in need.

Education is a top priority in Warner Robins. All schools are fully accredited by the Southern Association of Colleges and Schools. Instructors cater to students with special needs, and there is an exclusive program for gifted children.

In Warner Robins, Middle Georgia Technical Institute opened a branch in 1974 to serve as a manpower-training center for high school students and adults desiring to upgrade their job skills. Registration is required at the beginning of each quarter for a variety of courses in business, health and technical occupations. Macon State College's Warner Robins Campus is located off Watson Boulevard, across from City Hall and just a half mile from the main gate at Robins Air Force Base. At the Warner Robins Campus, Macon State offers the entire core curriculum of the University System of Georgia as well as the bachelor of science degree in Information Technology and courses leading to the bachelor of science degree in Business. Also, since 1970 the

College has been helping military and civilian personnel at Robins AFB meet their higher education goals through the University System of Georgia's Robins Resident Center on base.

A variety of housing options make Warner Robins an exciting place to live. You can find a long-term home or simply make a good, short-term investment in the real estate market. Condominiums, townhouses and apartment complexes are readily available for renters.

Citizens of the Middle Georgia area are fortunate to have a year-round climate conducive to outdoor activity. Since its establishment in 1972, the Houston County Recreation Department has achieved an enviable reputation by offering a diverse selection of recreational opportunities for people of all ages including golfing, fishing, boating, youth sports, hiking and biking.

## MACON

Macon, Georgia's fourth largest city is located about 15 miles north of Robins

AFB. Its variety of entertainment, recreation, shopping and business opportunities are easily accessible via Georgia Highway 247 or Interstate 75. People have enjoyed Macon as a place to live for more than 12,000 years. Prehistoric Indians built their homes on the banks of the fertile Ocmulgee River, and it was here that explorer Hernando DeSoto performed the first Christian baptism in America in 1540. In the early 1800s, as trade bustled on the river and later on the railroads, Macon became known as the "Queen Inland City of the South."

Wealthy planters and businessmen built elaborate mansions of distinction, left untouched even by the devastation of the Civil War. The beauty and charm of these mansions now grace Macon's nationally acclaimed historic district. More than 500 buildings in Macon are on the National Historic Register. One of Macon's finest attributes lies in the abundance of cultural offerings available. Widespread community interest in all art forms has distinguished Macon as the cultural center of Middle

Georgia. From classic symphony at the Grand Opera House to casual outdoor concerts, the city enjoys an exciting variety of cultural experiences.

Macon's oldest structures, the Ocmulgee Indian Mounds, are now part of a national monument and archaeological museum, housing artifacts and exhibits depicting the life and culture of the early Indian tribes who inhabited the area.

The city's range of recreational and shopping opportunities has helped it become second only to Atlanta as Georgia's leading convention city. Residents and tourists alike find that Macon has every positive amenity of a large city.

Citizens have long been concerned about the quality of education. Consequently, Macon has a progressive model public school system. A special aspect of this system is the magnet school program in which students in three elementary schools "specialize" in math/science, fine arts or literature and writing. Public schools are augmented by a number of diverse private and parochial schools.

Four colleges and a modern technical institute provide a spectrum of opportunities in higher education. The variety offered by Macon schools covers nearly every career and lifestyle. As the regional medical center for Middle Georgia, Macon has six major hospitals that offer the finest in health-care facilities. Every spring Macon goes through a transformation as its citizens get "In The Pink" for the internationally recognized Cherry Blossom Festival. With more than 115,000 Yoshino cherry trees, Macon is known as the Cherry Blossom Capital of the World. The festival takes place over a two-week period in March. Thousands of visitors join in the festivities to enjoy parades, arts and crafts shows, fireworks, hot air balloon rides and fashion shows.

#### *LITTLE RICHARD SAYS TO VISIT HISTORIC MACON*

Anything you want to find, you can find it in Macon, Ga., says the city's official Goodwill Ambassador, Little Richard. The self-proclaimed Architect of Rock & Roll invites visitors to sing along to "Tutti Frutti" at the Georgia Music Hall of Fame or escape into the antebellum South by

strolling down Macon's wide avenues. From 275,000 blooming Yoshino cherry trees and dozens of antebellum mansions to remembrances of musical greats, Macon offers a whole lot of soul for visitors.

Around Town Tours of Historic Macon invite visitors to get lost in time but not around town when they purchase discounted attraction packages that can include trolley transportation and savings of up to 25 percent off general admission prices. In addition to the magnificent National Historic Landmark Italian Renaissance Revival style Hay House, c. 1855-59, tour guests travel back in time year round to see Macon's antebellum Greek Revival style mansions, historic churches, exciting music and sports halls of fame and African American highlights. To explore independently, visitors can pick up self-guided walking tour brochures in several languages at the Convention and Visitors Bureau, as well as suggested themed itineraries such as antiques shopping, African American culture, architecture, dining, Civil War heritage, theatre, children's activities, outdoor enjoyment and music.

The first stop for music is the Georgia Music Hall of Fame, highlighting the state's

rich musical heritage, including Macon's own Little Richard, Otis Redding, the Allman Brothers and other Capricorn Records' artists. Here, music lovers listen to the tunes of these and others from throughout the state (such as Ray Charles, Brenda Lee, and REM) at CD stations, in a video theater, and in simulated radio shows. This 43,000 sq. ft. state-of-the-art facility houses a Tune Town of life-size buildings representing a Rhythm & Blues Revue, Jazz & Swing Club, Country Cafe, and Gospel Chapel each filled with memorabilia and artifacts. A 2,400 sq. ft. Music Factory offers the nation's first dedicated children's music museum within the Hall.

For children as well as the mystic soul searcher, Ocmulgee National Monument offers 10,000 years of Native American heritage in the heart of the historic South. Miles of nature paths, ancient Indian mounds, and even the only reconstructed Earth Lodge in the country provide an excellent outdoor adventure for all ages and cultures.

As a premiere tourist destination for African Americans, Macon also offers visitors soul-stirring attractions like the Tubman African American Museum. The largest

museum of its kind in Georgia, its annual Georgia Pan-African Festival each May and year-round interactive exhibits encourage young and old to immerse themselves in African American art, history, and culture.

"They've got the restored Douglass Theatre where I used to sing and go as a boy," says Little Richard, elaborating on one of Macon's other African American landmarks. In addition to him, other great performers like Ma Rainey, Duke Ellington, and Cab Callaway brought soul to the theatre during its run from 1921 to 1974. It was restored in 1996 as a state-of-the-art film, performance, and meeting venue. Along with large format or 3-D films, visitors can see live musical and theatrical performances in the theatre where musical legend, Otis Redding, was discovered.

Across the street, athletic performances are the specialty at the spectacular Georgia Sports Hall of Fame. The 43,000 sq. ft. museum features an interactive exhibits in football, basketball and golf, a NASCAR simulator, a 205 seat theatre featuring an emotional 10 minute film and an Atlanta Olympics and Paralympics area. After a full day of sightseeing, soul searchers can bask in the glow of North America's only nightly illumination tour, Lights on Macon...Historic Intown. The same brilliant designer who created Disney's Electric Light Parade designed this tour to reveal the magical splendor of antebellum architecture preserved in historic Macon.

Preservation is again featured at The Museum of Arts & Sciences, Macon's window on the world. It includes not only the fossilized skeleton of a 40-million-year-old whale discovered near the city, but also an enclosed three story habitat where live animals like tamarins and alligators make their home around a huge man-made Banyan tree.

Summer brings a culmination of song and soul with Mid-Summer Macon, a three-week program of arts performance, exhibition, and education for all ages at Wesleyan College, the world's first college chartered specifically to grant degrees to women.

Fall brings four favorites: September's Ocmulgee Indian Festival, Georgia Music Week & Macon Music & Heritage Festival and the 147 year-old Georgia State Fair, the longest running fair in the country. Even Jack Frost can't compete with December's White Columns & Holly-Christmas in Macon with its fabulous Holiday Tours of Homes.

For those more interested in sports than festivals, it's time for Macon Trax—to see professional ice hockey, that is! It's played in the Coliseum each September - April. Each April - June, the Macon Knights Arena Football team brings the city's newest sport to life also in the Coliseum. Even when the visitor is an opposing team, southern hospitality typifies the Song and Soul of the South and is a year-round commodity in Macon, Ga.! As Little Richard says...tell 'em that the Architect of Rock 'n Roll sent ya' and told you to have a good time!

## PERRY

Known as the "Crossroads of Georgia," Perry is located in the geographic center of the state where U.S. Highways 41 and 341 intersect with Interstate 75. The city, with a population of about 12,000, serves as the county seat of Houston County. Located only 18 miles south of Robins Air Force Base, Perry was founded in 1824 and was named for naval war hero Commodore Oliver Hazard Perry.

Perry began as a regional center of agriculture and remained so until the 1960's

and 1970's. While many farms still remain in south Houston County, the area has diversified itself into a center of manufacturing excellence. Firms like Frito-Lay, Northrop-Grumman, Southdown, and Riverwood International, Weyerhaeuser all operate major facilities in the Perry area. A quality labor force, excellent schools, and a cooperative business climate all contribute to the recent successes in Perry.

Perry features over 1,300 hotel and motel rooms and is a favorite stop for many tourists. With four interstate exits, it is a convenient place to stop and visit for the thousands of people who pass by on I-75 daily. The downtown area has been renovated with a Colonial Williamsburg theme.

The major tourism draw in the Perry area is the Georgia National Fairgrounds and Agricenter, located in the southern end of Perry. Home of the Georgia National Fair, this facility had nearly 1,000,000 visitors in 2002 and hosted more than 800 events. A new 65,000 square foot conference center opened in 2001. The 686-acre complex has nearly 20 separate buildings and venues, with the Reeves Arena seating nearly 8,000 people for concerts. One of the cleanest and most attractive facilities in the nation, the Georgia

National Fairgrounds has won many state and national awards for excellence in promotions and agricultural education.

All of the city's schools are all fully accredited by the Southern Association of Colleges and Schools and by the Georgia Accrediting Commission. In 1999, Perry opened a new middle school, a new elementary school, and the new Perry Primary School that serves all children K-4 through 1st grade. In addition to the excellent Houston County Schools system, Perry has one of the finest private schools in the state. The Westfield school is a Christian, non-denominational college—prep school that serves students from 11 surrounding communities.

## CENTERVILLE

Centerville, located just minutes from Robins AFB, was chartered as a city in March 1958. The city has experienced rapid growth the past few years that includes a 400 home development. This development offers homes ranging from

five bedrooms to a retirement village. The growth has been in both new homes and establishment of new businesses. Centerville offers affordable housing, a new shopping mall, and easy access to Interstate 75. Centerville provides all essential services including outstanding fire and police protection. Centerville is a friendly town with quiet neighborhoods that provide a positive atmosphere for comfortable living.

## FORT VALLEY

Fort Valley, in the heart of peach growing country, is the county seat of Peach County. It is some 27 miles west of Robins AFB. The city is one of Georgia's largest producers of peaches, but residents raise a variety of crops including pecans, cotton, corn, oats, soybeans, plums, apples and chestnuts. Industry is as varied as the agriculture, ranging from a large peach industry to the Blue Bird Body Company. The company's Wanderlodge Division is the largest manufacturer of school and mass transit buses and motor homes in the world.

Fort Valley State University, a part of the University System of Georgia, is well recognized for its programs in the agricultural field. Secondary schools are modern and accredited. This small city boasts a public library, a renovated courthouse and an organized year-round recreational program, featuring many public facilities for sports activities.

## BYRON

Located midway between Macon and Perry, Byron is about 10 miles north-northwest of Robins AFB on Interstate 75. Being so easily and directly accessible to area cities, Byron is identified as a growing, small residential center with a pleasant hometown atmosphere.

The city has natural gas and sewage systems, modern subdivisions, ample schools and churches, library facilities, retail outlets, municipal services, banking, shopping and recreational facilities, religious and educational programs, and civic clubs.

## COCHRAN

Cochran is the only incorporated town in Bleckley County, about 25 miles southeast of Robins AFB. The town has a population of approximately 12,000 people. It is home to Middle Georgia College and Lithonia Lighting Company, the world's largest manufacture of florescent lighting fixtures. It employs about 1,200 people.

The public schools include pre-K through 12 and are rated among the top in the state of Georgia, with SAT scores averaging over 1000.

A joint city-county recreation program offers programs for adults as well as youth. Facilities include a gymnasium, lighted athletic fields and tennis courts and two public golf courses. Camping and RV facilities are also located nearby. Yearly cultural events include a pumpkin festival in the downtown area and a semi-annual bluegrass festival. Cochran is an attractive, small southern town with plenty of amenities and a charming atmosphere.

## HAWKINSVILLE

Twenty-five miles south on Georgia Highway 247 is Hawkinsville and Pulaski County. Hawkinsville is largely agricultural. Its prime crops are cotton, peanuts, grain, livestock, timber and pulpwood.

Hawkinsville is recognized as the “Harness Horse Capital of Georgia” with two privately owned race tracks, six standard-bred brood farms and one thoroughbred brood farm in the county. The annual Hawkinsville Harness Festival held in April is a major event. It includes the Pig Ribbin’ BBQ Cookoff, arts and crafts, a carnival and many other exciting elements.

One high school and two elementary schools are fully accredited and offer a diversified curriculum.

Hawkinsville has two industrial parks and also has superior telecommunications with a fiber optic network that rivals larger metropolitan areas. A well-rounded recreation program is offered as well as two golf courses, hiking trails, wildlife management areas and access to the Ocmulgee River.

## EASTMAN

Eastman, the county seat of Dodge County, is 30 miles southeast of Robins AFB. Eastman is largely industrial and features several large companies that employ more than 3,000 people.

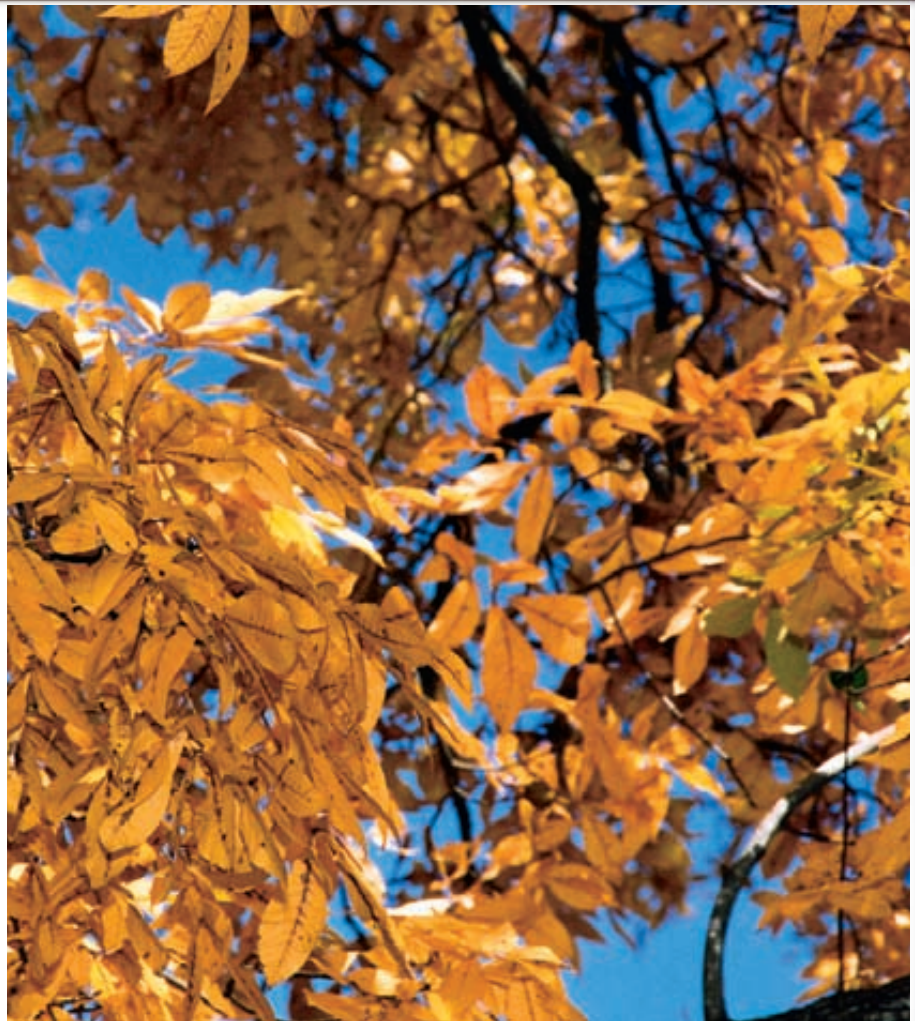

A superior educational system is highlighted by a high school that has won multiple School of Excellence awards. The Heart of Georgia Technical Institute campus opened in 1995, with a complete aerospace program including a flight trainer, one of only three pilot training programs in the state of Georgia.

In town, a regional library is available with Peach Net access, an adult learning center, and boasts a Certified Library Community Program. Eastman is home to the Dodge County Hospital, a progressive 94-bed facility. It was the first hospital in the nation to initiate Telemedicine and is the pilot program for a helicopter trauma transport center. Eastman features numerous recreational facilities, scenic attractions, a public lake with fishing areas, and yearly cultural events.

## MILLEDGEVILLE

Milledgeville, Georgia’s Antebellum Capital, is approximately 40 miles from Robins AFB. Located in Baldwin County, it was Georgia’s capital from 1803-1868. Many beautiful buildings survive from that period including the Old Capitol and the Old Governor’s Mansion.

The area has a diversified manufacturing base, producing everything from aerospace

products to heat pumps, carpet yarn to worsted wool. Milledgeville and Baldwin County are centrally located in Georgia with easy access to I-75, I-20 and I-16. The county sits on U.S. Highway 441, a major north-south artery, and the proposed Fall Line Freeway, a major east-west highway will pass within five miles of downtown Milledgeville. The county’s municipal airport has a 5,000-foot runway.

Educational excellence is a major community priority in Baldwin County. The community is served by a progressive public school system, two colleges, a technical institute and a well-respected private academy. Georgia College and State University is the fourth largest senior college in the University System of Georgia. Georgia Military College is housed in the Old Capitol building and is one of only six military junior colleges in the U.S. It also maintains a middle school and a high school.

Lake Sinclair, a 15,000-acre lake in northern Baldwin County, provides fishing,

boating, sailing, skiing and swimming for water sports. In addition, many residents have permanent homes or weekend retreats along the lake. There are more than 500 motel rooms in Milledgeville, camping facilities and condo rentals on Lake Sinclair and several bed and breakfasts are also available to visitors. Milledgeville provides a variety of entertainment, recreation, shopping and business opportunities for the Oconee area.

## DUBLIN

Dublin is one of Georgia’s special places; the best of the past has been blended with modern developments to create a unique town whose natural charms lure visitors and new residents from distant places. Dublin and Laurens County have a moderate climate and are strategically located in the middle of Georgia at the intersection of Highway 441 and Interstate 16. The area offers a

## ATLANTA HAS...

- 130 retail centers
- 57 public golf courses
- 54 public parks
- 100 streets with the name Peachtree
- largest toll-free telephone dialing area in the world (7,000 square miles of toll-free calling)
- largest suburban office park in the United States, Perimeter Center (3.5 million square feet of office and retail space on 400 acres)
- largest cable-supported domed stadium in North America, the Georgia Dome
- 14th largest mall in the country—The Mall of Georgia
- world's largest bas-relief sculpture and the world's largest exposed mass of granite at Georgia's Stone Mountain Park
- largest federal regional concentration outside of Washington, D.C.
- largest 10K race in the world, the annual Peachtree Road Race with 50,000 runners
- oldest continually operating ballet company in the nation, the Atlanta Ballet since 1929
- longest escalator in the Southeast at MARTA's Peachtree Center station, 192 feet
- largest unsupported escalator in the Southeast at CNN Center, 8 stories tall
- largest hotel in the Southeast, the Atlanta Marriott Marquis, 1,671 rooms
- tallest hotel in the western hemisphere, the Westin Peachtree Plaza, 73 stories; 723 feet tall
- tallest building in the Southeast, Bank of America Plaza, 55 stories; 1,023 feet tall
- second-largest theater organ in the nation, at the Fox Theatre
- more shopping center space per capita than any other U.S. city except Chicago

sound economy based on a diversified industrial base, strong agri-business sector and a regional health-care center including the Carl Vinson V.A. Medical Center and Fairview Park Hospital.

While shopping in our historic downtown Dublin Main Street, take the Walking Tour and visit the Dublin-Laurens Museum. Shopping is also pleasant at the Dublin Mall, which houses over 30 stores. Additional shopping centers are located throughout Dublin and charming specialty shops can be found on historic Bellevue Avenue.

Dublin and Laurens County are well known for outstanding recreational and entertainment facilities including tennis, bowling, racquetball, parks, a four-movie theater, camping, fishing, hunting, fitness centers and much more! Serious golfers and duffers alike will be challenged by Laurens County's three golf courses. Pleasant weather conditions allow for playing all year long, and golfers may choose to play the 9-hole course at Green Acres Country Club and the 18-hole course at Dublin County Club, both private courses, or the 18-hole public course at Riverview Park. The first three weeks in March, Dublin is known for its St. Patrick's Festival, with the World's Largest Pot of Irish Beef Stew, road races, concerts, bicycle rides, arts & crafts, and much more! Other county events include Dexter's Possum Hollow Arts & Crafts Fair and 5K Run/Biathlon, East Dublin's "Spirit Run," and Dublin's Antique Fair, Show & Sale.

Dublin and Laurens County are one of the finest places to live in America. You'll like our easy-going, unhurried lifestyle. The welcome mat is always out. Come visit Dublin and Laurens County—where you'll find a wee bit of Ireland in Georgia!

## ATLANTA

With seven professional sports teams, more than 200 entertainment and cultural attractions and thousands of restaurants, Atlanta can best be described as "exciting, entertaining and enjoyable." The city is a mecca for sports fans. Turner Field, located just south of the capitol, is the new home of the 1991 and 1992 National League champions and 1995 World Series winners the Atlanta Braves baseball team, while the Atlanta Falcons football team plays its home games at the brand-new Georgia Dome.

Downtown, next to the CNN Center, is the Omni Coliseum, home of the Atlanta Hawks basketball team. Georgia Tech's Yellow Jackets keep college football and basketball in the offing, and the annual Peach Bowl is played in Atlanta. Atlanta was also the site of the 1996 Olympic Games.

Atlanta has long been known as a prime site for meetings, conventions and trade shows and is consistently ranked as one of the top five convention cities in the country. Atlanta earned this reputation with its first-class hotels, transportation and meeting facilities, and continues to host more than 3,100 conventions annually, bringing more than 3.5 million visitors to the city.

Atlanta is much more than a meeting destination. The city has developed into the entertainment and cultural center of the South with more than 17 million visitors arriving each year to experience the abundance of attractions, culture and entertainment.

Why has this southern city become a hot spot for culture and entertainment? Simply stated, Atlanta has more restaurants, professional sports teams, entertainment venues and cultural attractions than any other city in the Southeast. Many of these attractions are within 10 minutes of downtown and almost all are accessible via MARTA, Atlanta's rapid rail and bus system.

## ATLANTA IS ENTERTAINING

Atlanta is also home to world class museums and performing arts centers including the High Museum of Art, SciTrek—the science and technology museum, and Fernbank Museum of Natural History, Atlanta The Alliance Theater, The Fox Theater, Rialto Theatre for Performing Arts and Woodruff Arts Center.

Established in 1913, the Atlanta Convention and Visitor's Bureau is a private, non-profit organization created exclusively to market metro Atlanta and Georgia as the premier conventions, meetings and leisure destination in the regional, national and international marketplace, and favorably impact the Atlanta economy through conventions and tourism. For more information, contact the ACVB at (404) 521-6645 or visit their website at <http://www.atlanta.net>.

Atlanta enjoys a moderate climate and accessibility to anywhere in the world from one of the nations busiest airports—Hartsfield International.

of the command section—what is today Building 220. In a show of local support, Macon-area leaders celebrated the official dedication of the depot and base the day after Easter, April 26, 1943. It was an early example of the close, positive base/community relationship that has become a lasting and proud Robins tradition.

On March 14, 1942, the air depot received its first official name—Wellston Air Depot. Thomas, in an effort to honor his friend and mentor General Robins, acted to rename the depot, as well. To do so, under Army Air Corps regulations, he had to convince Wellston city fathers to rename the town. They did so willingly on Sept. 1, 1942, and on Oct. 14, 1942, the depot became the Warner Robins Army Air Depot.

Since 1942, the depot has undergone a number of name changes: Warner Robins Air Depot Control Area Command in 1943; Warner Robins Air Service Command in 1943; Warner Robins Air Technical Service Command in 1944; and Warner Robins Air Materiel Area in 1946. It received its current name—the Warner Robins Air Logistics Center—on April 1, 1974. The installation remained Robins Field until Feb. 16, 1948, when it was renamed Robins Air Force Base after the Air Force became a separate service.

The decades following World War II were a time of challenge and change for the base. During the Korean War, Robins workers, reduced in number by postwar cuts to 3,900, swiftly and heroically retooled and fitted hundreds of mothballed B-29s which played a key role in saving the Republic of South Korea from Communist aggression.

In the 1960s and '70s, the base played an important part in the Southeast Asia "Pipeline," which supplied vital materiel to U. S. troops fighting in Vietnam.

The changing requirements of a “jet age” Air Force added a new dimension to the logistics challenge. This led to the development of Robins as an avionics center and huge, sprawling complex of diverse missions supporting the U.S. Air Force worldwide.

**R**obins traces its history to June 14, 1941, when Macon civic leaders—with the help of U. S. Rep. Carl Vinson—influenced the U.S. War Department to construct an Army Air Corps logistics, supply and maintenance depot in Houston County. The site was adjacent to Wellston, a small town of 47 families located some 15 miles south of Macon.

The defense buildup preceding World War II was under way, and the Middle Georgia area was chosen primarily because it had flat land for an airfield and an abundance of artesian water. These were important points to consider in 1941 when emphasis was on speed of construction.

Ground was officially broken Nov. 9, 1941 by the first depot commander, Col. Charles E. "Steve" Thomas, and leading members of the Macon business and political communities.

In January 1942, the installation was officially named Robins Field in honor of Brig. Gen. Augustine Warner Robins, a native of Virginia and one of the Army Air Corps' first general staff officers. Considered the "Father of Modern Air Force Logistics," the general eventually became chief of the Materiel Division of the Army Air Corps, which later became the present Air Force Materiel Command.

Original construction was completed officially in April 1942 with the completion

That support was called upon once again in 1990-91 during Operations Desert Shield and Desert Storm in the Middle East. C-141 aircraft managed by Robins were the backbone of the airlift to Saudi Arabia. C-130s managed by the center provided valuable transport capabilities for the allied forces. Workers surged parts needed to keep aircraft flying and accelerated the maintenance and repair of aircraft vital to the war effort. Another Robins responsibility, the F-15 Eagle, proved its superiority during repeated air strikes over the Persian Gulf.

In 1999, Robins' proud tradition of keeping Air Force aircraft flying has played a key role in NATO's Operation Allied Force in Yugoslavia. This time, the Robins lineup carried a new player, the C-5 Galaxy, which transported troops and equipment to forward deployment locations in support of allied military operations.

Robins AFB has recorded 61 years of dedicated support to the war fighter. With the addition of several new missions in the '90s—the C-5, the 116th Air Control Wing's E-8C Joint Surveillance and Attack Radar System and C-17 inspections—the future is bright for Robins. Congratulations on your assignment to the heart of Middle Georgia.

## **AUGUSTINE WARNER ROBINS**

Robins Air Force Base is named for Brig. Gen. Augustine Warner Robins, one of the Army Air Corps' first general staff officers, and commander of the Air Corps' Materiel Division at Wright Field, Ohio, from 1935 to 1939.

In his early days in Washington, Robins became identified with the Supply and Maintenance Division of the Air Corps. At the end of his career, it was his responsibility to organize civilian training activities for the task of training pilots. He is generally recognized as the "Father of Modern Air Force Logistics." Robins was born in Gloucester County, Va., on Sept. 29, 1882. His father, William Todd Robins, was a famous Confederate cavalry colonel. His mother was Sally Nelson Robins, author and genealogist. Both were descendants of illustrious early settlers in the Virginia colony. From these ancestors, the son inherited membership in George Washington's Order of the Cincinnati.

When he was 6, Robins moved with his family from their homestead on the York

River in Gloucester County, Virginia, to Richmond. He entered the U.S. Military Academy in 1903, graduating in June 1907 as a second lieutenant in the cavalry. His early assignments included Fort Oglethorpe, Ga., and the intrigue of mapping China for the Military Information Division. He received assignments to Fort Robinson, Neb.; as a mathematics instructor at the Military Academy at West Point; to Fort Meade, S.D., where he served strike duty in the Colorado coal mines. He reported to mounted service school at Fort Riley, Kan., but was unable to complete the course because he was sent to Hachita, N.M., to participate in the pursuit of Pancho Villa along the Mexican border during Gen. "Black Jack" Pershing's Punitive Expedition.

Next, he received a transfer to the Aviation Section, Signal Corps, which later became the Air Service, the forefather of the Air Corps. He remained with this branch of the Army for the rest of his service.

During World War I, he briefly served as executive or commanding officer at various posts where he received the flying training that earned him his wings in August 1918. He then became district supervisor of the Northern Air Service with headquarters at Indianapolis Motor Speedway, Ind. His next assignment was in

Washington, D.C., where he served in the Supply Division of the Air Corps.

On Jan. 2, 1921, he received serious facial injuries in an airplane accident, including a broken jaw, which left his face so badly shattered that he was in Walter Reed Hospital for six months. After hospitalization, he was assigned to the Air Corps Supply Depot at Fairfield, Ohio, where he commanded Fairfield Air Depot until July 1928.

He attended a three-month observer's course at Kelly Field, Texas, and one-year at Air Corps Tactical School at Langley Field, Va. Then, he was assigned to San Antonio Air Depot at Duncan Field, Texas. On Nov. 4, 1931, he became executive to the chief of the Materiel Division at Wright Field. After attending the Army Industrial College and the Army War College, in January 1935, he achieved the rank of brigadier general and became chief of the Materiel Division [en dash] the direct ancestor of the Air Force Materiel Command. During his four years at this post, he performed the important work of directing supply, repair, experimental work and purchases of equipment for the Army Air Corps.

The general played a key role in the Air Corps purchase of its first 13 B-17s. On Oct. 30, 1935, Model 299 from Boeing crashed while in test competition with a B-18 twin engine "Bolo." The crash occurred because the test pilot forgot to unhook flap locks. Robins, Gen. Frank Andrews and Gen. Henry H. Arnold worked hard to get the B-17 despite the accident, and they succeeded in early 1936. Upon completion of his tour at the Materiel Division, Robins moved to Randolph Field as commandant of the Air Corps Training Center on Feb. 24, 1939. It was to be his last assignment. Robins died suddenly and quietly of a heart attack on June 16, 1940. His last contribution to the service was his assistance in the preparation of the expansion plans for the Army Air Forces.

In his letter of condolence, Gen. George C. Marshall, chief of staff, wrote: "Robins' Army career was outstanding for the highly efficient and loyal manner in which he performed every duty. Possessing a broad knowledge of his profession, sound judgment and a fine spirit of cooperation, he rendered many years of valuable service

and won the commendation and esteem of those with whom he served."

The composite picture of Robins that emerges from the testimony of those who knew him is that of an able, self confident and congenial man who loved to entertain his friends with tales of his adventures. A charming and elegant man, he was known as "Robby" to his many friends and as "Warner" to his devoted family.

Arnold, chief of the Air Corps, gave a stirring tribute to his classmate and good friend. "On behalf of myself and his brother officers in the Air Corps ... not only do we feel a deep sense of personal loss at the passing of such a fine officer and friend, whose warm enthusiastic personality had endeared him to us all, but to the Corps his death constitutes a distinct and untimely loss. We realize fully his ability and we were counting on this experience and advice, both of which were especially needed at this time in connection with our expansion program. As one of his classmates at West Point, I can well sound the sentiment of those who knew him intimately for so many years. He was every inch a soldier."

# TAKING ENTERTAINMENT TO NEW HEIGHTS

- Access to over 260 great channels
- Local weather channel just for Middle Georgia
- New Faith & Values Tier with any digital package
- Access to advanced features like:

**Digital Video Recorder** – Pause and rewind live TV with a DVR from Cox. Create your own instant replays by recording with a touch of a button. Store up to 50 hours of programming and watch it when you're ready.

# Robins Air Force Base

## Warner Robins Air Logistics Center

---

## Capabilities Wing Structure

# New Warner Robins Air Logistic Center Wing Structure

## 78th AIR BASE WING

The wing provides physical, military and community operations and business infrastructure processes for Robins AFB and its 39 associate units. Responsible for logistics readiness, medical, civil engineer, security, comptroller activities, contracting, morale and welfare, mission support, public affairs, legal civilian personnel and environmental management for the installation.

Phone Number: (478) 926-2177

## 78th Mission Support Group

The 78th Mission Support Group manages and directs essential base operating support functions which enable effective command, control and communications; law enforcement; security; civilian and military personnel; education services; family services; information management; child care and youth activities; community activities; lodging; fitness; food services and mortuary affairs. The group provides base-level management of key logistics support and infrastructure to include vehicle management, supply fuels, and contingency planning/ execution.

Phone Number (478) 926-3441

## 78th Civil Engineer Group

The 78th Civil Engineer Group is responsible for all civil engineering activities at Robins AFB including real estate management, utility provisioning, facility maintenance and repair, fire protection, readiness, and Prime Base Engineer Emergency Force(Prime BEEF).

Phone Number (478) 926-5820

## 78th Medical Group

The 78th Medical Group supports the wartime and peacetime missions of the Warner Robins Air Logistics Center, all of the wings, and more than 30 associate units representing six major commands (AFMC, ACC, AMC, AETC, AFRC, and ANG), geographically separated units, and deployed forces by providing a full continuum of healthcare services for more than 47,000 military and civilian personnel maintaining a ready and healthy total force.

Phone Number: (478) 327-7995

## 78th Operations Support Squadron

The 78th Operations Support Squadron is responsible for runway and airfield operations management for all assigned and transient aircraft. They provide 24-hour Base Operations, Air Traffic Control, Weather Support, Flight Records, and Transient Aircraft Services.

Phone Number: (478) 926-2328

## 78th Comptroller Squadron

The 78th Comptroller Squadron provides Robins AFB with reliable and accurate financial information; high quality, customer-focused financial services; and expert management of funds for Air Force capabilities that defend the United States and protect its interests through air and space power.

Phone Number: (478) 926-3825

## 330th AIRCRAFT SUSTAINMENT WING

The wing oversees programmed depot maintenance, modernization and modification for the Air Force's fleet of C-5, C-130, C-141, C-17, F-15, U-2, and E-8C Joint STARS aircraft.

Phone Number: (478) 927-8784

## 330th Tactical Airlift Sustainment Group

Serves as single focal point for cradle-to-grave management of the C-130 weapon system. Provides acquisition, engineering, worldwide logistics, weapon system readiness, and wartime sustainability support to more than 800 Department of Defense and 690 foreign aircraft. Manages aircraft overhaul, modernization and modification programs, spares procurement and repair for the C-130 aircraft.

Phone Number: (478) 926-2322

## 330th Strategic Airlift Sustainment Group

Provides worldwide, cradle-to-grave logistics management for C-5 and C-141 aircraft in coordination with major commands, AFMC depots, sources of supply, repair centers, and users to sustain mission effectiveness throughout the system's life cycle. Provides acquisition support to the program executive officer and manages and executes all sustainment activities while reducing ownership cost and implementing industry-government partnerships.

Phone Number: (478) 222-1204

## 330th Fighter Sustainment Group

Responsible for all sustainment activities required to ensure F-15 aircraft availability is adequate for the weapon system to fulfill its assigned missions. Supports the F-15 system program office at Wright Patterson Air Force Base, Ohio, by ensuring all sustainment needs are identified for systems in acquisition. Primary activities include weapons system supply chain management, technical order management agency responsibilities, sustaining engineering support, management of aircraft depot level maintenance requirements, and modification installation management for Air Force and foreign military sales customers.

Phone Number: (478) 926-2901

### **330th SOF/CSAR Sustainment Group**

Provides combat weapon systems, equipment, and agile combat support for special operations, combat search and rescue, and Air Force helicopter forces. Delivers best value sustainment and contingency response through world-class cradle-to-grave leadership and management.

Phone Number: (478) 926-2826

### **330th C2ISR Sustainment Group**

Performs command and control, intelligence, surveillance, and reconnaissance sustainment. Provides C2ISR war fighters with state-of-the-art capabilities, both airborne and ground, through cradle-to-grave management and integrated logistics support.

Phone Number: (478) 926-8485

### **402nd MAINTENANCE WING**

The wing manages depot-level maintenance production and manufacturing facilities and laboratories for the restoration of Air Force C-17, C-130, F-15 and C-5 aircraft.

Phone Number: (478) 222-3479

### **402nd Aircraft Maintenance Group**

Performs depot repair, overhaul, modification, and maintenance for fielded C-130, C-17 contract, C-5 contract and organic, and F-15 aircraft weapon systems.

Phone Number: (478) 926-0240

### **402nd Maintenance Support Group**

Performs direct logistics support for depot maintenance repair facilities and furnishes plant facilities, equipment engineering, calibration, and installation support to maintenance infrastructure.

Phone Number: (478) 926-8801

### **402nd Electronics Maintenance Group**

Performs repair, manufacture, modification, calibration, certification, and engineering to various airborne electronics weapon systems and associated support equipment.

Phone Number: (478) 926-5959

### **402nd Commodities Maintenance Group**

Directs, manages, and operates the wing's industrial production shops, providing depot maintenance support to major weapon systems through major structural repair and manufacturing modification.

Phone Number: (478) 926-3089

### **402nd Software Maintenance Group**

Performs software maintenance, modification, and programming for prime systems, subsystems, and equipment used in the depot maintenance process.

Phone Number: (478) 926-2457

### **542nd Combat Sustainment Wing**

The wing develops, acquires, fields, sustains and modernizes combat systems for Department of Defense and foreign military sales customers.

Phone Number: (478) 222-3150

### **542nd Materiel Sustainment Group**

Responsible for staff-level mission and business area management and oversight of supply chain activities and selected processes applicable to product support. The group also has

responsibility for implementing all transformation initiatives which support purchasing and supply chain management.

Phone Number: (478) 926-3363

### **542nd Electronic Warfare Sustainment Group**

Provides cradle-to-grave management, acquisition, and integrated

logistics support for a wide variety of electronic warfare systems.

Phone Number: (478) 926-3371

### **542nd Automatic Test Sustainment Group**

Identifies, acquires, and sustains test capabilities that are transformable to meet the challenges of today and tomorrow.

Phone Number: (478) 222-2100

### **542nd Support Equipment and Vehicles Sustainment Group**

Employs an enterprise focus to provide transformational, effects-based support capability to enable airpower dominance. Mission areas include: industrial equipment, vehicles, basic expeditionary airfield resources, and life support systems.

Phone Number: (478) 222-1600

### **542nd Electronics Sustainment Group**

Provides quality airborne & ground electronics products to Air Force operational units and other Department of Defense and international customers. Under the integrated weapon system management concept, responsibilities include acquisition, program, and supply chain management of more than 400 systems and 17,000 items integral to more than 40 U.S. and allied aircraft

Phone Number: (478) 926-6033

### **542nd Armament Sustainment Group**

Acquires and sustains superior air-delivered weapons and guns. Manages and supports supply chain management functions for aircraft managed by 330th Aircraft Sustainment Wing. Provides a full range of logistics support to give U.S. and allied forces the winning edge in war fighting capability.

# WARNER ROBINS

## STREET MAP

The map displays the city of Warner Robins, Georgia, and its surrounding areas. Major roads shown include Interstate 75 (I-75), U.S. Highway 49, U.S. Highway 11, U.S. Highway 41, and Georgia State Route 247. The map also shows the locations of several lakes, including Walker Lake, Leasure Lake, and Tucker Place. Other landmarks include the Robins Air Force Base, Warner Robins Industrial Park, and various schools and fire stations. The map is divided into a grid with letters A through G across the top and numbers 1 through 4 down the right side. A legend in the top left corner defines symbols for interstates, highways, major and minor roads, schools, lakes and rivers, railroads, and fire stations. A compass rose in the top right corner indicates North. A disclaimer in the bottom right corner states that the map cannot be used for legal purposes and that MARCOA Publishing, Inc. assumes no responsibility for misrepresentation.

### Actually, it is rocket science.

What's the most impressive feature of the new 2005 Honda CBR1000RR? Is it the high-performance 998cc engine? The state-of-the-art aluminum frame? The revolutionary Honda Electronic Steering Damper? Or the overall design philosophy, gleaned from our MotoGP-winning RC211V? Well, there's only one place you can find out.

Town & Country Motorsports, 805 N. Davis Dr. 31093  
After Sept. 05 - 581 Carl Vinson Pkwy.

**478-922-7781**

honda.com always wear a helmet, eye protection and protective clothing. NEVER RIDE UNDER THE INFLUENCE OF DRUGS OR ALCOHOL, AND NEVER USE THE STREET AS A RACETRACK. OBEY THE LAW AND READ YOUR OWNER'S MANUAL THOROUGHLY. For rider training information or to locate a rider training course near you, call the Motorcycle Safety Foundation at 1-800-446-9222. CBR and Performance V-Twin are trademarks of Honda Motor Co., Ltd. (11/04)

### Some monsters are real.

Power rules, and you're King of the hill when you climb aboard the Kawasaki KFX700 ATV. It sets new standards of performance and handling for the category. Quite simply, it's a "monster."

/ Biggest V-twin engine in its class  
/ Automatic transmission  
/ ITP Holeshot Tires

©2004 Kawasaki Motor Corp., U.S.A. Kawasaki ATVs with engines of 800cc and above are recommended for use only by persons 16 years of age or older. Kawasaki also recommends that all ATVs wear the 11-point harness. For more information, see your dealer or call the ATV Safety Institute at 1-800-857-3367. Kawasaki ATVs are not designed to be used for off-road racing, stunt riding, or other activities that require the performance of a motorcycle. Some ATVs are not suitable for use on public roads. Always wear your seat belt and never drink and ride. Always use proper riding technique.

## PROMOTING GOOD TELEPHONE SERVICE

**A. AUTHORIZED USE.** Military telephones and voice facilities are authorized for government official communications only and must be restricted to calls essential to the accomplishment of the mission. These calls should withstand the scrutiny required of the same calls by commercial toll.

**B. PROPER USE OF TELEPHONES.** The service received from the base telephone system depends upon proper usage by subscribers. The following suggestions are offered: wait for a dial tone, then dial your number carefully. Identify yourself, speak distinctly and make conversation brief. Answer the telephone promptly, identify the activity and the individual speaking. Use your telephone directory, do not guess at numbers. For your convenience, maintain a list of frequently called numbers. Update your directory as numbers are changed. Do not leave the receiver off of your telephone, nor set the hold button to prevent incoming calls.

## C. STANDARDS OF SERVICE.

1. The Robins AFB switchboard operators endeavor to provide the most rapid and efficient telephone service possible consistent with the facilities at its disposal and the information provided by the system subscribers. To aid in providing this service, each subscriber should refer to the directory for the correct number prior to dialing/placing all long distance telephone calls by number, and keep the directory clerk apprised of changes in key personnel and telephone numbers.
2. Telephone operators are instructed to be uniformly courteous and not to enter into controversy with subscribers. Similar action on the part of users is an incentive for better telephone service. Operators are forbidden to receive service complaints and are instructed to refer all calls relative to complaints to the Chief Operator (extension 62290). Operators are not permitted to give their full name when requested by calling party. They are permitted to give their first name and/or operator number only.
3. All telephone subscribers are entitled to the same grade service. Preferential treatment or service should not be expected of telephone operators. This does not preclude emergency service when an actual emergency exists.

**D. BREVITY.** For economy and maximum use of available facilities, telephone conversations should be as brief and concise as possible. This is particularly true of long distance telephone calls.

**E. PLANNING CALLS.** Before dialing the operator to place a long distance call, be sure that you have the correct number, your conversation planned, and all information available that will be needed to complete your call.

**F. USE OF IMPROPER LANGUAGE.** The use of profane, obscene, and harassing language over the telephone will not be condoned. Federal and state statutes have been enacted to deal with offenders of this type.

**G. CONVERSING WITH OPERATORS.** Conversations with switchboard operators must be limited to re-requesting information and providing instructions for placing calls. Unnecessary conversation consumes time and prevents other users from receiving prompt attention and service.

**H. FORMAT OF THE DIRECTORY.** Format of the base telephone directory is prescribed by AFI 33-111. Only those items of information which facilitate the use of

the base telephone system are permitted. Four major sections are used in the directory - General Information, Organizational, Classified, Personnel.

1. General Information Section contains the necessary information to provide the best available telephone service. A list of frequently called Defense Switched Network (DSN) numbers is included.
2. Organizational Section consists of a listing of all units serviced by the base telephone system. In this directory organizations are listed in the following manner: (1) Warner Robins Air Logistics Center, (2) 78th Air Base Wing and (3) Other Tenant Commands arranged in alphabetical- numerical order. Under each unit's designation is the command section followed by a functional list of principal staff offices arranged in alphabetical order by symbol. This section reflects the complete organizational structure from the unit commander through the lowest functional section.
3. Classified Section consists of an alphabetical listing of all principal activities, by base function or mission and a title that is recognized within the military terminology.
4. Personnel Section consists of an alphabetical list of key personnel.

**I. DIRECTORY CHANGES.** The telephone directory is compiled from listings furnished by organizations and individuals. It can only be as accurate as the information furnished. Additions, deletions, or corrections must be submitted by the Point of Contact (POC) for your organization as they occur.

**J. DISTRIBUTION.** One copy of the base telephone directory is furnished for each telephone instrument in service on base. When directories are to be sent to distant locations, they will be sent directly to the agency or organization establishing the requirement. Requirements must be revalidated annually by the requesting activity.

## USE OF THE MILITARY TELEPHONE SYSTEM

**A. CARE OF THE MILITARY TELEPHONE SYSTEM.** Subscribers are responsible for the proper use and care of installed telephones and associated equipment. Under no circumstances will persons other than authorized telephone maintenance personnel move, alter, affix devices, or make additions to telephone equipment. Tampering with telephones in any manner is prohibited. Contact Base civil engineering customer service, Bldg 1555, number 65820, ext. 179 for digging permits, prior to digging ditches, post holes, excavation or construction.

**B. CLASSIFICATION OF TELEPHONE.** Telephones installed on Robins AFB are administratively classmarked and all classes of telephones are authorized for the transaction of official government business only. Pay telephones are located throughout the base for conducting personal business.

## C. CLASSMARK OF SERVICE.

1. Class A telephones have access to Federal Telecommunications System (FTS), DSN, local off-base numbers and base operator.
2. Class B telephones have access to DSN, local off-base numbers and base operator.
3. Class C telephones have access to local off-base numbers and base operator.
4. Class D telephones have access to on-base extensions and base operator.

**D. GENERAL DIALING INSTRUCTIONS.** Depending on how your telephone is classmarked, you may obtain the following services by dialing:

1. FTS: Dial 9 + 1 + area code + 7 digit number.
2. DSN: Dial 88 + 7 digit number.
3. LOCAL OFF-BASE: Dial 9 + local number.
4. TOLL FREE: Dial 9 + 1 + 800 + 7 digit number.
5. BASE OPERATOR: Dial 0.

**E. LOCAL DIALING PROCEDURES.** The Robins AFB telephone system permits direct dialing into all extensions with the exception of base extensions starting with "5," which interconnect on base only. Local dialing procedures follow:

1. ON-BASE CALLS: Dial the five digits of the telephone number shown in the directory.
2. OFF-BASE CALLS TO BYRON, CENTERVILLE, MACON, FT VALLEY, COCHRAN, DANVILLE, JEFFERSONVILLE, PERRY, AND WARNER ROBINS: Dial "9" and the telephone number listed in the commercial directory.
3. OFF-BASE INFORMATION: Directory assistance is not accessible from base extensions. For government official calls (FTS and local), dial the base operator. Personal calls will be placed from pay telephones located throughout the base. There is no charge for local information calls from pay telephones.
4. ON-BASE INFORMATION: Consult your directory first. If the person you are calling is not listed, call the civilian and/or military locator, ext 66027. Office numbers not listed in the base telephone directory may be obtained by dialing 113 for base information.

**F. TELEPHONE FEATURES.** The following instructions describe the commonly assigned customer service features provided by the telephone system. Features have been assigned on an individual basis. Only features assigned to a telephone may be used by that telephone.

1. CALL TRANSFER: All in-dial local, long distance, or DSN calls may be transferred to another Robins AFB extension.
  - a. Advise the calling party to hold while you transfer call.
  - b. Momentarily depress the switchhook (on single line sets) or recall button (all other sets) to receive dial tone.
  - c. Dial new extension number, listen for ring, hang up. If line is busy, momentarily depress switchhook again, and you are connected to original party.
2. CALL HOLD:
  - a. To place on hold, momentarily depress switchhook/recall button to receive recall dial tone; dial \*77 - do not hang up, your call is on hold.
  - b. Return to held call: Hang up - your phone will ring - answer and you will be reconnected to held call.
3. CALL FORWARDING: When you want your calls to ring at another number:
  - a. Lift handset and listen for dial tone.
  - b. Dial the call forward activation code (\*72). You will hear a special dial tone.
  - c. Dial the number to which calls are to be forwarded. The called number will ring. When answered, advise the party your calls will be forwarded to that number.
  - d. If number dialed is busy, confirmation tone indicates that the call forward feature is activated.
  - e. To cancel: Dial \*73; calls to your number will now ring on your phone again.
4. CONFERENCE CALLS: All telephones at Robins AFB are provided direct user three-way and operator assist conference capability.

Procedures are:

- a. THREE-WAY CONFERENCE: To add a third party to an established two-way conversation, place the original call on hold by momentarily depressing switchhook (on single line sets) or recall button (all other sets) to receive dial tone. Dial the desired extension, listen for ring. When called extension answers, momentarily depress switchhook/recall button again and original party and called party will be conferenced together with you. Either of the other two parties can hang up and you will remain on the line with the other party.
- b. MEET-ME CONFERENCE: To request a Meet-Me Conference, dial 62199 and request the Telephone Supervisor assign you an access code to be dialed at a designated date and time. This conference is

activated by dialing 61112, at which time an automated voice will instruct you to enter your access code. Each conferee is automatically added to the conference when the activation number and designated access code is dialed by that person. The activation number can be dialed by all long distance and local users. A new access code will be obtained for each conference established.

- c. OPERATOR ASSIST CONFERENCE: An Operator Assist Conference is available by dialing "0" and request the operator add on the desired parties. Have all information readily available before requesting the conference.

## REPORTING TELEPHONE SERVICE

Report an operator's outstanding service or failure to be courteous or helpful to the Chief Operator (ext 62290) for corrective action. Please do not admonish operators or engage them in idle conversation. When requested, operators are required to only give their first name and/or operator number.

## INSTRUCTIONS FOR REPORTING BOMB THREATS OR OTHER THREATENING CALLS RECEIVED ON GOVERNMENT TELEPHONES

1. Do not hang up.
2. Try to keep the caller on the line.
3. Signal someone else to call Security Forces, by dialing 911 (NOTE: Security forces will alert Communications personnel to initiate tracer action).
4. If no one is available, DO NOT HANG UP, but use another phone to notify Security Forces.
5. Obtain as much information as possible about the call/caller using the following checklist:

## CHECKLIST FOR THREATENING CALLS

### QUESTIONS TO ASK:

1. When is the bomb going to explode?
2. Where is it right now?
3. What does it look like?
4. What kind of bomb is it?
5. What will cause it to explode?
6. Did you place the bomb?
7. Why?
8. What is your address?
9. What is your name?

## REMARKS

---

---

---

---

Date: \_\_\_\_\_ Name: \_\_\_\_\_  
 Position: \_\_\_\_\_ Phone Number: \_\_\_\_\_

## REPORTING NUISANCE CALLS

Abusive calls, including those in which obscene or profane language is used, are prohibited and should be reported to the SF Law Enforcement Desk by dialing 62187. Malicious or threatening calls should be reported to 911. Assistance in determining the location of a specific base extension should be directed to the telephone supervisor at 62199.

## INFORMATION CALLS, REPORTING TELEPHONE TROUBLES, AND OTHER EMERGENCY TYPE CALLS

**A. INFORMATION CALLS.** Consult your directory first. If number is not listed, base information may be obtained from a base telephone by dialing 113. From off-base numbers and long-distance, dial 926-1113. For a distant number by DSN, check your directory for the DSN information number at the location to be called and dial "88" plus the number given. If the number is not in the directory, dial base information (113) and request the DSN number.

**B. REPORTING TELEPHONE TROUBLES.** All telephone troubles will be reported to extension 119 or 61119. Base extensions must be reported as 926-1110, ext X-XXXX. Pay telephones and base housing/dormitory residents should always report their private telephone troubles to 119 or 61119 first, rather than Southern Bell. The customer will be held responsible for charges incurred, if Southern Bell is called first and it's not their problem. All pertinent information must be given. Be very specific when giving office and building locations. Notify all personnel in the office of trouble reported to avoid duplicate reports. After duty hours, only emergency or mission essential telephones and/or equipment will be reported. If trouble is persistent and is not cleared in a reasonable time, call 119 again and ask the status of the trouble report. If service is not restored satisfactorily, call the Telephone Services Branch, extension 20063.

**C. REPORTING DSN TROUBLES.** See DSN instructions.

**D. OTHER EMERGENCY TYPE CALLS.** Reference the front cover of the base telephone directory for emergency numbers. Other emergency calls on base; dial the base operator "0" and state that you have an emergency call and give the nature of the emergency. If you are off base and do not have the emergency numbers readily available, dial 926-1110 and announce the emergency to the base operator. Hold the line and the operator will ring the emergency number for you.

## SECURE VOICE FACILITIES

Classified information will not be discussed or revealed over the administrative telephone (DOD 5200). Personnel who make disclosures of classified information over the telephone are subject to disciplinary action. If a classified subject must be discussed, use a STU-III terminal. STU-III terminals are easily accessible in each organization on Robins AFB. Terminals have different degrees of access, however, most are cleared up to and including secret conversations.

## MINIMIZE

When an actual or simulated emergency arises, or is anticipated, it is necessary to reduce the volume of long distance telephone traffic ordinarily transmitted over US military telecommunications networks. Minimize is applied to users of any or all US military communications networks, IAW ACP 121 US Sup 1. Notices of MINIMIZE action will be distributed through administrative channels. Stringent control of voice communications will be practiced until MINIMIZE is canceled by the imposing authority. Each level of command is responsible for explaining to its subordinates the meaning and importance of MINIMIZE so that it is fully understood and to make provisions for approval of calls to be placed under MINIMIZE conditions.

## TELEFAX

**A. GENERAL DESCRIPTION:** TELEFAX is a general-purpose type of facsimile equipment capable of transmitting fixed images over telephone lines, by acoustic or magnetic coupling.

**B. LOCATION:** If you have a need to use TELEFAX equipment the telephone and building numbers are listed throughout the organizational section in this directory.

## VOICE MAIL

**A. Voice Mail** is a computerized voice messaging system that works in conjunction with the base telephone system. It allows users to send and receive voice messages from any touch-tone telephone 24 hours a day. Either the sender or the receiver must have an assigned mailbox. Users must have a touch-tone telephone.

- B. Using the system:** If you have an assigned mailbox:
1. Dial 20199 to access system.
  2. Be prepared to dial a personal password when asked.
  3. System will prompt you what to do next.
  4. To send a message you need to know the mailbox address of the person you are sending to. This will be a 5-digit number.
  5. Follow the voice prompts to record and send the message.
- C. If you have any questions concerning the Voice Mail System or how to obtain an assigned mailbox, contact your organization Unit Requirements Officer or the 78th Communications Squadron, Telephone Services Branch, extension 20087.**

## OFFICIAL LONG DISTANCE CALLS

Official long distance telephone service is available over leased tie lines, FTS, DSN, and commercial toll facilities. All military telephone facilities are subject to monitoring (DoD Directive 4640.6).

**A. FTS.** FTS-2000 is the system used on Robins AFB to place long distance calls to any number not available through DSN or toll-free service. FTS calls incur long distance charges that are billed to Robins AFB. The individual placing the call must certify calls as official. On official calls placed through the base operator, furnish the following information:

1. Telephone number of individual originating call.
2. Telephone number being called.

**B. DSN.** See DSN instructions.

**C. SECURE VOICE CALLS.** See Secure Voice Facilities.

## TELEPHONE PRECEDENCE SYSTEM

The Joint Uniform Telephone Communications Precedence System is directed for use by all authorized users of voice communications facilities of the Department of Defense (DOD). Since the effectiveness of the system depends upon cooperation on the part of the persons authorized to employ it, users must be familiar with the purpose to be served by each level of precedence category and the types of calls which may be assigned the respective precedence.

**A. FLASH precedence** is reserved for alerts, warnings, or other emergency actions having immediate bearing on national, command, or area security.

# ROBINS

AIR FORCE BASE, GA

- B. IMMEDIATE** precedence is reserved for vital communications having immediate operational effect on tactical operations which directly concern safety or rescue operations and which affect the intelligence community operational role.
- C. PRIORITY** precedence is reserved for calls which require prompt completion for national defense and security, the successful conduct of war, or safeguarding life or property which do not require higher precedence. Normally **PRIORITY** is the highest precedence that may be assigned to administrative matters for which speed of handling is of paramount importance.
- D. ROUTINE** precedence is reserved for all other official communications.
- E.** The assignment or use of a precedence designation, based solely on rank or duty position, is strictly prohibited.

## DSN INSTRUCTIONS

- A. GENERAL.** The Defense Switched Network (DSN) is the principle long-haul, voice communications network within the Defense Communications System, providing unsecure direct distance dialing service worldwide through a system of government-owned and leased automatic switching facilities. The purpose of DSN is to handle essential command and control, operations, intelligence, logistic, diplomatic, and administrative traffic.
- B. PRECEDENCE.** The National Communications System (NCS) is directed for use by all authorized users of voice communication facilities of the DOD. Since the effectiveness of the system depends upon cooperation on the part of persons authorized to employ it, users must be familiar with the purpose to be served by each level of precedence category and the types of calls which may be assigned the respective precedence.
- C. USE OF THE DSN.**
- Will be authorized for only official communications.
  - Will be restricted to:
    - Only those calls that are essential requiring a timeliness that cannot be obtained by other means and would stand the scrutiny afforded a commercial toll call.
    - The minimum time required to accomplish the official business and will not normally exceed 5 minutes.
    - The use of a precedence level in consonance with the subject matter of the call as established in the NCS.
  - Will not be authorized for:
    - Use directly or indirectly by any nonappropriated fund activities (clubs, exchanges, and other unofficial activities) provided telephone service at post, camp, station or base level except when approved by the Joint Chiefs of Staff.
    - Calls within an installation, metropolitan area or those confined geographical areas where other existing government provided local telephone service is adequate.
    - Unofficial or personal calls.
    - Off-net extension calls into the commercial system at a distant PBX/PABX except where such extension has been previously approved by the local authorities controlling the switchboard.
- D. TELEPHONE MONITORING.** The users of the DSN system should be aware that this DOD system is for official use only and is subject to management monitoring in accordance with DOD Directive 4640.6, subject, "Communication Security Telephone Monitoring."
- E. DSN USER CALLING INSTRUCTIONS.**
- Routine DSN calls. Users with dial-access to DSN should:
    - Verify the DSN number.
    - Listen for dial tone.
    - Dial the DSN access code "88."
    - Dial the 7-digit DSN number.
  - Precedence and overseas DSN calls. To place precedence or overseas DSN calls, all users should:
    - Verify the DSN number.
    - Dial "0" and give the following information to the switchboard attendant:
      - Your name, office symbol & extension number.
      - Precedence of the call.

- DSN number desired.
  - If you have to leave your office after booking a call, please do one of the following:
    - Arrange for someone else to take the call.
    - Call the DSN operator and ask her to hold the call.
    - Cancel the call.
- F. DSN AND CONFERENCING ASSISTANCE.** Assistance with DSN and call conferencing are provided by dialing "0." For DSN directory assistance dial the base directory assistance operator at extension 113 or 61113
- G. DSN USER TROUBLE REPORTING.** When trouble is encountered by users while utilizing DSN, the following procedures should be taken:
- Retain the circuit connection and report the trouble immediately to Telephone Repair (119).
  - Give the details of the DSN trouble as follows:
    - Your extension number and location.
    - The DSN number and location of the called party.
    - Brief description of trouble and the time it occurred.
  - Items requiring repair such as frayed cords and broken telephone parts should be reported to "119."

## COMMERCIAL TOLL CALLS

Outgoing commercial calls to overseas locations must be approved by the organizational Telephone Control Officer (TCO) and recorded on AF Form 1072, "Authorized Long Distance Telephone Calls." NOTE: All commercial calls other than those placed from specially classmarked telephones, must be placed through the base operator. Individuals will not attempt to place unauthorized long distance calls through the commercial operator from a base extension. Public Law, (31 U.S.C. 1348) prohibits expenditure of appropriated funds for personal and unofficial long distance calls and current directives specifically require TCOs to approve official long distance calls. All personnel are reminded that offenders will be required to pay for their calls and will be subject to disciplinary action.

## A. OUTGOING CALLS TO AREAS NOT SERVICED BY DSN, TOLL-FREE AND FTS.

Dial "0" for the base operator and provide the following information.

- Telephone number, office symbol and name of person originating call.
- City and country being called.
- Distant telephone number.

**B. TOLL-FREE.** All Robins AFB telephone subscribers with access to class "A", "B", and "C" service are encouraged to use toll-free numbers if available to commercial customers instead of placing FTS 2000 calls. To determine if a commercial customer has a toll-free number subscribers should dial the toll-free information number (9+1+800+555+1212) and ask for directory assistance. Once you have obtained the number you would dial (9+1+800+XXX+XXXX).

## C. USE OF OFFICIAL TELEPHONES FOR PERSONAL BUSINESS.

Personal calls (such as calls to spouse/minor children or to arrange for emergency repairs to personal property) that must be made during working hours may be authorized as being in the best interest of the government if the following criteria are met:

- It does not adversely affect the performance of official duties.
- It is of reasonable duration and frequency.
- It could not reasonably have been made at another time.
- In the case of long distance call is:
  - Charged to employee's home telephone number.
  - Made to an 800 (toll-free) number.
  - Charged to a personal telephone credit card.
  - Collect to distant number.
- Dialing instructions are as follows:

All class A, B, and C telephone users can dial outgoing Collect, Bill to Third Number, and Credit Card calls to selected carriers in the following manner:

AT&T: .....1 800-225-5288  
BELL SOUTH: .....1 800-235-5768  
MCI: .....1 800-265-5328  
SPRINT: .....1 800-877-8000

## PHONETIC ALPHABET

When giving or asking information over the telephone, it may become necessary to pronounce single letters. For correctness, they should be identified phonetically using the table below:

A - ALPHA	J - JULIET	S - SIERRA
B - BRAVO	K - KILO	T - TANGO
C - CHARLIE	L - LIMA	U - UNIFORM
D - DELTA	M - MIKE	V - VICTOR
E - ECHO	N - NOVEMBER	W - WHISKEY
F - FOXTROT	O - OSCAR	X - XRAY
G - GOLF	P - PAPA	Y - YANKEE
H - HOTEL	Q - QUEBEC	Z - ZULU
I - INDIA	R - ROMEO	

## SERVICE AND EQUIPMENT

- A.** Requests for all base telephone installations and disconnections will be submitted on AF Form 3215 through the appropriate communications monitor to 78CS/SCMT. Requests will allow sufficient lead time (see AFI-33-111). The following information is required: organization, symbol, building number, telephone numbers involved, the present and proposed location of equipment, class of service required, name and telephone number of person familiar with work to be accomplished, and directory information as required. Requests involving six or more telephones will require a floor plan depicting locations of desks, telephone instruments, and associated telephone numbers. The request will be assigned by the communications monitor of the activity requesting the service. Interoffice rearrangements will be kept to a minimum. All requests for service must be fully justified.
- B.** When a building or office in which telephones are installed is vacated, a disconnect service request (AF Form 3215) will be submitted by the vacating activity.

## INSTALLATION OR TERMINATION OF UNOFFICIAL TELEPHONE SERVICE

Requests for installation or termination of unofficial telephone service are handled by the Telephone Services Branch (20087).

## WEB SITE ACCESS

All military and government civilian employees can now access the Robins AFB Telephone Directory files at: <http://www.robins.af.mil/info/phone/phone.htm>.

## ADVISORY

DATA ON ALL LONG DISTANCE OUTGOING CALLS IS RECORDED BY THE BASE TELEPHONE SYSTEM

The Telephone System keeps a record of the following information on each outgoing long distance call, originating number, number dialed, date, time, length of call and call type. The telephone control officer in each organization is required to validate these calls as being official. These records become legal documents for controlling the placement of unofficial calls. Each telephone user on Robins AFB is responsible for selecting the least expensive means of communication when placing calls.

**FOLLOWING IS A LIST OF THE LEAST TO THE MOST EXPENSIVE MEANS OF PLACING LONG DISTANCE CALLS:**

DSN  
TOLL FREE  
FTS 2000  
COMMERCIAL

THE ROBINS AFB TELEPHONE SYSTEM IS NOT TO BE USED FOR THE PLACEMENT OF UNOFFICIAL CALLS.
